LIQUID

Fire Thrown by Detachments Carrying Special Devices for Purpose

GERMANS GAIN SOME GROUND

In Flank Movement Upon French Forces

IN DRIVE UPON VERDUN

Paris Report Admits the Teutons Have Pushed Some Distance Southward Occupying Avincourt Wood—Attacks Were Made With Important Forces But Met Repulse.

The Germans before Verdun are making a strong drive at the French left flank well toward the border of the neighboring Argonne region and have gained ground south of Malancourt, some 10 miles northwest of Verdun. Their first attacks took them into the Malancourt wood and today's official statement from Paris shows them to have pushed some distance further southward, occupying the Avincourt wood, the southern section of the Malancourt wooded district.

The attacks have been made with important forces with the support of a heavy bombardment by shells of large calibre and the throwing of liquid fire by detachments carrying special devices for the purpose. The Germans attempted a further advance southward but according to Paris their attempts to debouch from the Avincourt wood were failures.

A news agency dispatch from Teheran reports the occupation of Ishpan, one of the most important cities of Persia, 218 miles southeast of Teheran by the Russians. The Russians have won an important success in southeastern Galicia where Vienna admits that the Austrian bridgehead at Uscieczko on the Dniester about 40 miles northwest of Czernowitz, has been evacuated under the heavy Russian pressure. The Austrian force there was trapped but cut its way through Uscieczko where the Russians held and joined other Austrian forces near Zale Czyszyk, further south on the Dniester.

The Italians have resumed heavy attacks at the Tolmino bridgehead, Vienna reporting the repulse of assaults against Mrzilvrih and Krn, with losses to the Italians of machine guns and numbers of men taken prisoners. The Austrians themselves captured a position at Romsen and made additional captures there. At the Gorizia bridgehead, where there has been intense artillery fire, the Austrians ejected the Italians from a trench.

A skirmish between four British and three German torpedo boat destroyers occurred yesterday off the Belgian coast. The London official account says the German destroyers turned as the British sighted them and ran for Zebbrughe, the British craft pursuing and shots being exchanged in a running fight. Two of the German boats were hit. The statement says. Four men on the British destroyers were wounded. The German version of the engagement declares that it was broken off by the British who steamed away at full speed after they had received several direct hits and that the Germans suffered only unimportant damage.

Rioting has occurred at Tullamore, Ireland, where Sinn Fein rioters fired on the police, three of whom were wounded.

City Council Roasts Dayton's Purchase of Auto Equipment for the Safety Department

If Carl Dayton's ears did not burn last night during the session of council, it was not the fault of members of council who condemned several of the acts of the former official in no uncertain terms.

Mr. Dayton, it will be remembered, was former director of public safety. He is the department head who purchased the fire trucks as well as a second-hand automobile from the Curtin-Williams company of Columbus, which councilmen declare is not worth 15 cents.

It was the purchase of these machines that council members were criticizing. The criticism followed Solicitor Norpell's verbal report to council that the purchase of the second-hand machine was without legal authority because there was no money in the fund for that purchase when the machine was bought.

"It's junk," said Councilman Beed'e. "I certainly shall not go on record as approving the sale or voting authority to the present safety director to pay for the machine. We have enough junk on hand now. Two pieces of junk occupy the floor of the apparatus room at headquarters now and we don't want any more."

PRESSURE

Of Russians Force Austrians to Evacuate Bridge Fortifications

TRANSPORTS ALSO ARE ABANDONED

As Only Means to Avoid Certain Capture

TRIBUTE PAID BRAVERY

Of Austrian Troops In Official Statement Which Says They Gave Way Only On Account of Superior Strength of Russian Attacking Forces—Text of Official Report.

(ASSOCIATED PRESS TELEGRAM)
London, March 21.—11:20 a. m.—Austrian forces, operating northwest of Uscieczko, on the Dniester river, near the Bukovina border, were forced by the pressure of the Russians to evacuate the bridgehead fortifications and to abandon their transports. Under cover of night they succeeded in reaching the Austrian advance posts northwest of Zale Szezyk, north of Czernowitz, according to the Austrian official statement issued today.

The official statement pays a tribute of admiration to the bravery of the Austrian troops who gave way only on account of the superior strength of the Russian attacking forces. It adds that the only means left to the Austrians to avoid capture was to break through the Russian position at Uscieczko and thus they did with complete success.

The statement follows: "After six months of brave defense the bridge fortifications Sunday evening and were evacuated. Although the Russians succeeded in the morning in causing by means of explosions, a breach 300 metres wide, the garrison, which was attacked by forces eightfold superior held out seven hours longer, notwithstanding all losses, in the face of the most violent artillery and infantry fire. It was not until five o'clock in the afternoon that the commanding officer, Col. Pflanchk, determined to evacuate the destroyed fortifications. Smaller detachments and the wounded men reached the south bank of the Dniester in boats. Soon, however, it was necessary to abandon the transports under the concentric fire of the enemy. There remained for our brave troops, composed of Emperor's Dragoons, and sappers, only one way to escape capture. They were under the necessity of cutting a way through Uscieczko, which was strongly occupied by the enemy, to our troops ensconced on the heights north of Zale Szezyk. "The march directly through the enemy's position succeeded. Under cover of the night Colonel Pflanchk led his heroic troops to our advanced posts northwest of Zale Szezyk where he arrived early Monday morning.

"The battles for the bridge fortifications at Uscieczko will remain for all time a glorious page in the annals of our army."

HEAVY FIGHTING ON ITALO-AUSTRIAN FRONT.
(ASSOCIATED PRESS TELEGRAM)

Berlin, March 21.—(By wireless to Saville.)—Heavy fighting continues on the Austro-Italian front. The official Austrian statement of yesterday says that Italian attacks broke down before the Austrian fire. The announcement follows: "On the Gorizia bridgehead Austro-Hungarians yesterday morning (Continued on Page 11, Col. 7.)

AMERICAN TROOPS IN FINE FETTER TO HUNT DOWN THE BANDIT VILLA

Scenes of preparation at Fort Bliss, Texas, just before invasion of Mexico. Top, practice charge of 8th U. S. machine gun cavalry troop. Bottom, members of same troop sighting one of the guns.

Never in the history of the country has the regular army been called upon in time of peace to practice the war game so extensively as on the Mexican border during the past four years. The rank and file of the various branches of the army have been taught many new and practical lessons in the chaparral-covered country. In many instances they have endured hardships that probably will not be met with to any greater degree in the actual campaign.

A protective force of more than 12,000 men has been scattered along the international lines. Conditions have been unusually favorable for testing certain new theories—theories which could not have been put into actual practice had the military units been confined to garrison duty.

Gen. Funston Asks for More Soldiers to Be Used In the Campaign Against Villa; Does Not Specify, but Wants Enough

(ASSOCIATED PRESS TELEGRAM)
San Antonio, March 21.—Major General Funston today asked the war department for additional troops to be used in the campaign against Villa. He did not state the number, but explained he wanted an adequate force to protect the line of communications already more than 100 miles long. He received no further news from General Pershing.

FUNSTON'S REQUEST IS NOT YET RECEIVED.
(ASSOCIATED PRESS TELEGRAM)

Washington, March 21.—Late this afternoon the war department had received no request for additional troops from General Funston, but officials said such a request might be on the way. Troops at several inland points are ready to move to the border at an hour's notice.

VILLA IN TRAP.
(ASSOCIATED PRESS TELEGRAM)

El Paso, March 21.—With the Carranza troops pushing steadily to the north and the two American columns moving southward, Villa can only turn into the mountain ranges on his flanks should he try to avoid battle.

If the outlaw decides to flee into the mountains he will probably break up his command into small bands and turn them into the puzzling trails of the Sierra Madre mountains which he knows so well.

Marion Lecher, United States consul at Chihuahua, telephoned to Consul Garcia at El Paso today that reports of anti-American demonstrations in Chihuahua were false.

(ASSOCIATED PRESS TELEGRAM)
El Paso, March 21.—American troops have been dispatched to Las Cruces to aid in fighting Francisco Villa and his band of outlaws who have been forced into another battle with the Carranza troops near that point. This information came in a report by wireless today to the United States army station at Columbus, N. M.

Aviators of the United States army were reported today searching the almost blind trails leading to the passes in the Sierra Madre mountains, where Francisco Villa may seek to escape after his defeat by the Carranza forces yesterday at Namiquipa.

Details of the fight, in which Colonel Cano with about 900 Carranzas took part, are lacking, but it is reported that Villa was badly worsted and that he fled, leaving his dead and wounded.

Capt. B. D. Foullos is in charge of seven aviators selected for the task of scouting for Villa, who, after his fight with Colonel Cano is expected to scatter his bandits rather than risk an engagement with the American troops, who are said to bar his way to the north.

Army officers agree that if Villa breaks up his command into small bands and turns to the Sierra Madre mountains as a hiding place, it will be almost impossible to capture him. Villa spent his early days as an outlaw in these mountains, the passes through which an army and its transport may not move. It takes 10 to 12 days to negotiate these tortuous passes into the Sonora district.

Mexicans here believe Villa will hide himself away in the mountain fastnesses until the American troops have given up the chase.

ONLY FEAR

Of American Commander Is That Villa Again Has Escaped.

(ASSOCIATED PRESS TELEGRAM)
San Antonio, Texas, March 21.—The only fear at headquarters was not that anyone of the detachments had suffered misfortune, but that

U. S. AIRSHIPS LOST, FLYING TO THE FRONT

(ASSOCIATED PRESS TELEGRAM)
Columbus, N. M., March 21.—Two aeroplanes of the first squadron have been lost in flight en route from here to the front in Mexico.

Captain B. D. Foullos in command of the squadron, today reported their failure to arrive and said their whereabouts was not known. Six machines arrived safely. High winds have made the army aviators' tasks hazardous.

Lieut. Bowen was one of the aviators. His home is in Franklin, Kentucky.

Villa today was reported defeated by Carranza forces at Cruces, just south of El Valle.

American troops have been dispatched to the vicinity where Villa was reported as fighting with the Constitutionalists. The Americans went in a separate flying column.

MAYOR ISSUES PROCLAMATION TO OBSERVE "DRESS-UP WEEK"

A committee from the Merchants' Association called upon Mayor Bigbee on Monday, with reference to the observation of "Dress-Up Week" in Newark, March 27 to April 1st, and in response to their request, the following proclamation was issued:

Whereas, the merchants of Newark have designated the period of March 27 to April 1st, 1916, as "Dress-Up Week"; and whereas, it is proper that all citizens of Newark should co-operate in this movement, I do, therefore, officially sanction the movement and recommend that all public-spirited citizens join with the merchants and help to make "Dress-Up Week" a success, by doing everything that he or she can, to present a neat and creditable personal appearance and to make their homes, the streets and the entire city as clean and orderly as possible.

"R. C. BIGBEE, Mayor.

"March 21, 1916."

VILLA

Began to Lose Power With Adherents When He Aimed at Dictatorship

REFUSING ADVICE OF HIS COUNSELORS

Last of Prominent Supporters to Quit Him

TELLS BANDIT'S NATURE

Former Constitutionalist Leader Knew Nothing of Strategy and Depended Upon the Driving Forces of His Troops to Win Battles—Never Took a Repulse Into Consideration.

(ASSOCIATED PRESS TELEGRAM)
El Paso, March 21.—General Felipe Angeles, often referred to as the "true patriot of the Mexican revolution" and former chief military adviser to Francisco Villa, today came out of a long retirement to explain how, in his opinion, Francisco Villa, instead of being leader of the constitutionalist cause has fallen to the status of a hunted bandit.

General Angeles charged that "Villa, like Carranza, aspired to be a dictator," and that this, and not the battles he lost, caused his friends to forsake him.

The general was the last of Villa's prominent supporters to quit him. He now lives on a modest vegetable and dairy farm, four miles beyond the eastern outskirts of El Paso.

Half a mile distant flows the Rio Grande. From his front porch he can look across into the Mexican territory, which he is at present forbidden to enter.

"The Carranzistas, the Villistas and the Zapatistas are all my enemies," said the general, his young son acting as interpreter, "and I chose this place for my home so that they may know that I fear none of them."

"I till my soil and herd my cows, having definitely put aside war and politics. I am not guarded. Any one who wishes can cross the river and molest me."

Discussing the causes of Villa's rise in the army, General Angeles said:

"Villa gained power because of his wonderful energy and his personal magnetism."

"He had driving power. Also he was free and generous. There seems to be an impression that Villa assured obedience by inspiring fear. This is unjust."

Going on to the next phase of the former constitutionalist leader's career, the general said:

"The primary reason for Villa's loss of power was his attempt to dictate the policies of his adherents. He refused to accept advice and his friends left him."

"Villa possessed the knack to draw around him men of ability. When he estranged these men, his power began to wane."

"As a commander he had but one plan of battle—to drive forward. He knew nothing of military strategy and his advisers supplied it. He lost his strategy when he lost his advisers."

"The turning point in Villa's career came with the battle of Celaya, in March, 1915. This engagement, one of the most important of the revolution, exposed his defects as a general. Villa went into this battle with the most meagre supply of ammunition possible. After his

(Continued on Page 11, Col. 6.)

Villa might again have eluded his pursuers.

The last report received here told of Villa's encounter with Carranza forces near Namiquipa. If Villa defeated the Mexican government troops it was regarded here as probable that he had continued his movement into the south, where he might remain unmolested for some time.

If the report of his defeat proves true, however, the Americans are believed to have an excellent chance of encountering him on the trail or in the country either to the right or to the left.

General Funston today explained the necessity for maintaining strict censorship appeared to be growing less and that unless the situation was changed there would perhaps be a considerable relaxation in efforts to prevent the publication of news.

MORE TROOPS

Will Be Called Into Service in Northern Mexico.

(ASSOCIATED PRESS TELEGRAM)
Columbus, N. M., March 21.—It was reported here today that additional United States troops soon would be called for services in Northern Chihuahua. Every organization of the United States army at this station is being rapidly brought into condition for field service.

AVIATOR HURT

United States Pilot Fell 50 Feet and Aeroplane Wrecked.

(ASSOCIATED PRESS TELEGRAM)
Columbus, N. M., March 21.—(By wireless from the field.)—An aeroplane, one of six to arrive today, was partially wrecked in a fifty-foot fall. The pilot, Lieut. T. S. Bowen, was injured, but not fatally.

Lieut. Bowen sustained a broken nose and other slight injuries.

Lieut. Bowen was attempting to take the air under difficult conditions. The wind was high and showed a tendency to whirl. Several attempts of the aviators to fly had been frustrated previously by the wind conditions. Finally Bowen

MOTHER'S STORY DEATH OF BABE TOLD TO JURY

(ASSOCIATED PRESS TELEGRAM)
Akron, O., March 21.—A graphic story of how she had found her baby bleeding at the nose and mouth and only partially conscious was told the jury Tuesday morning by Mrs. Sadie Knecht in the case of John Nelson being tried for murder in second degree in connection with the baby's death in Judge Ahern's court.

Mrs. Knecht will continue her story this afternoon. As she told her story she glared accusingly at Nelson who sat beside his mother listening intently to her testimony.

Christ Nibbe, a roomer at the Knecht home at the time, was on the stand this morning. He said that on occasions he had noticed that Nelson seemed to entertain a spite against the infant.

The witness related how on one occasion he had seen Nelson holding the baby up by the head. At this time, he interferred he said.

went up but when fifty feet in the air, his plane took a dip and plunged almost straight to the ground.

SCHOOL CLOSED

All American Civilians Asked to Leave Border Town.

El Paso, March 21.—The school has been closed at Fabens, a border town 30 miles to the east of El Paso, and all American civilians have been requested to leave by American military authorities, according to telephone messages received here today by H. D. Camp, Fabens' school trustee. Fabens is opposite the Mexican village of Guadalupe. American troops have arrived there and the officers are now quartered in the residences of citizens.

MOTOR WATER WAGONS DISPLACE ARMY MULES.

New York, March 21.—Three motor water wagons will take the jobs away from the army mules that are being used to transport water to the soldiers chasing Francisco Villa. The motor trucks were started south today by fast freight.

Each car carries a 600-gallon tank. The cars were manufactured for an oil company which agreed to turn them over to the quartermaster's department because of the urgent need of them in the Villa campaign.

IRISH IN RIOT, WOUND POLICE

London, March 21, 12:35 p. m.—Sinn Fein rioters fired on the police last night. Three of the police were wounded.

The rioting occurred at Tullamore, Kings county, Ireland. A police sergeant was wounded seriously, and a county inspector and a district inspector received slight wounds.

Aeroplanes Depended Upon to Locate Villa, if Marching In Mountains With His Forces

(ASSOCIATED PRESS TELEGRAM)
El Paso, March 21.—Further news of the battle reported to have been waged yesterday near Namiquipa between Carranza troops and a force of bandits led by Francisco Villa is being impatiently awaited along the border today.

A strong Carranza force has been stationed at Namiquipa, forming part of a chain of defense which the de facto government has thrown around Guerrero. If Villa has been able to break past this obstacle the way is open for a flight into northern Chihuahua, or the bandit leader can proceed eastward into the fastness of the high ranges shutting in the Namiquipa district.

News of the battle was received first by General Gavira, commander of the Carranza troops stationed in Juarez. General Gavira's dispatches did not state the number of Villa men engaged but Colonel Cano, commanding the Carranza troops, is said to have a force of 900.

Interest was shown in wireless dispatches from the front stating that six biplanes of first aero squadron, commanded by Capt. Benjamin

D. Foullos had joined the American expeditionary forces.

Henceforth aeroplane scouting is expected here to play an important part in the progress of General Pershing's columns. At El Valle and Cruces, according to travellers in the Santa Maria valley, there are plenty of locations suitable for aeroplane bases. From these points the army aviators are expected to make frequent reconnaissances over the lofty reaches of the Sierra Madre range.

If Villa is proceeding in considerable force, the army is likely to locate him. If he has split up his command into small units and is keeping under the shelter of the oak and pine woods that clothe the sides of the mountains the task of aerial observers will become extremely difficult. It is not only in spying after the Villa forces however, that the first squadron will be employed. The flying men are expected to pick out camping places, watering spots, and smooth pathways over the mountains which the mule trains can follow.

No unnecessary is felt here. (Continued on Page 2, Col. 1.)

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system, the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in over-coming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Newark Advocate.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2.
Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, croup, bronchial asthma, and winter cough.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 24 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never sickens.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2 1/2 ounces Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, comes with this preparation. The Pinex Co., Ft. Wayne, Ind.

BAD STOMACH NEEDS GOOD MEDICINE

Artificial Digestants Merely Digest One Meal at a Time. Mi-o-na Prepares Stomach To Do Its Own Digesting.

Strengthens the Stomach and Stops Indigestion.

Folks who suffer all the time from bad stomach and indigestion usually need something more than ordinary pepsin or soda mint pills to do them any real good.

Such artificial digestants may help digest the food but hurt the stomach and further weaken it. People with stomach trouble need a real medicine that acts on the stomach and strengthens it so it can do its own digesting. Mi-o-na Stomach Tablets are a perfectly balanced combination of medicines that not only give quick relief to existing distress, but loosen up the hardened bile and mucus from the walls of the stomach, strengthening the natural digestive organs and stopping in a short time the need for use of any artificial digestant. Mi-o-na is harmless and T. J. Evans and other good druggists sell it on a positive guarantee to successful results or money back.

JOHN M. SWARTZ
ATTORNEY AT LAW
Practice in all courts. Will attend promptly to the business entrusted to him. Special attention given to collections, administration of estates, accounts of administrators, executors, guardians and trustees, carefully stated and attended to. Special facilities for obtaining patents in all countries.
TRUST BUILDING

THROW-NET CASE IS TO BE APPEALED

DEFENDANT CLAIMS CONTRIVANCE WAS USED IN GULF OF MEXICO

Fact of Its Being in His Possession No Evidence It Was Used Illegally.

Attorneys for John Mehr, found guilty in the justice court of D. M. Jones, have had a bill of exceptions embodying all the evidence prepared and will take the case to the common pleas court.

Mr. Mehr was arrested by deputy fish and game wardens for having a couple of throw nets in his possession and was convicted of the charge and fined in the justice court. Mehr claims that the nets were made by him while living in Texas and were used in the Gulf of Mexico and that their use in inland waters of Ohio would be impracticable. He stated that he had never used the nets illegally since residing in Ohio and subpoenaed a number of witnesses to testify that they could not be used in the waters of Buckeye lake or vicinity.

The case will be watched with interest by others who have had similar experiences as the fish and game laws of the state are rather rigid regarding all nets which could be used in taking fish.

Justice Scott's Court
H. C. Lucas, residing between Central City and Summit Station, was arrested on an affidavit of Wm. J. Helfrich, who charged defendant with carrying away three swine valued at \$12. Defendant was admitted to bail and Justice Fletcher S. Scott has set the hearing for Thursday afternoon at 1:00 o'clock.

Justice D. M. Jones
Leo Kable, arrested on the charge of having three nets in his possession, and brought before Justice D. M. Jones, will have his hearing on Wednesday, March 22, at 9:00 a. m. The hearing of Frank Comstock, charged with having fish in his possession taken illegally, has been set for hearing tomorrow morning.

Three charges have been preferred against Art Machlin by deputy state fish and game wardens, catching an undersized black bass, having sun fish in his possession illegally and taking black bass illegally.

Lunacy Inquest.
Probation Officer John Dwyer and Sheriff Chas. Swank drove to Perryton, O., and returned with Mrs. Mae Baughman, against whom a lunacy affidavit has been filed. The examination to take place tomorrow.

The case is a most pitiful one. Mr. Baughman showing signs of mental distress shortly after the birth of a little son five months ago. There are two children, a blue-eyed pretty little girl of four years and a boy aged five months. The children were cared for by Mrs. Mary Miller of the juvenile court and were sent to the children's home late this afternoon.

At Mr. Vernon
Judge T. B. Fulton left for Mt. Vernon after holding court in this city this morning, being called there on legal business.

Reserves Decision
The case of J. V. Hilliard vs. Clement L. Jeffers, administrator of the estate of Allen Q. Minor, deceased, was argued in the common pleas court on Tuesday. The suit is brought to foreclose a chattel mortgage on farm property which belonged to Allen Q. Minor. The defense is made that there is nothing due upon the mortgage by reason of payment having been made. The amount involved is about \$2,000.00. The testimony was heard by the court some weeks since. The court after hearing the arguments of counsel, reserved his decision.

BELLANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Cold-in-head KONDON'S CATARRHAL JELLY

Use it quick. For chronic nasal catarrh, dry catarrh, sore nose, coughs, sneezing, nose bleed, etc. Write for free sample. The first drop used will do good. Ask druggist.

POLICE GAZETTE ACKNOWLEDGES TURNER AS CHAMP

For the reason that it has bearing upon an argument in certain quarters regarding the genuineness of the championship belt won by Paul Bowser more than a week ago, the following extract from the Police Gazette of Saturday, April 12, 1913, is presented to Newark wrestling fans as evidence that the belt is what is claimed for it.

"Until about 10 o'clock of the evening of March 20, Joe Turner, wrestler of Washington, D. C., was regarded as the middleweight champion of America. He had met and defeated a long list of more or less clever mar artists and had been uniformly victorious. But he hadn't jumped into the ring with Mr. Mike Yokle, 158-pounder of Salt Lake City, who is considered by folks on the other side of the Missouri River to be a fast proposition."

"The POLICE GAZETTE BELT WHICH HE HAD IN HIS POSSESSION SEVERAL YEARS. HE WAS ALWAYS READY TO DEFEND THE BELT AND HIS TITLE AND CONSEQUENTLY NEVER STEPPED A MATCH WITH AN OPPONENT WHO COULD MAKE THE WEIGHT. HE WAS CHALLENGED BY YOKLE TO GO TO SALT LAKE CITY AND THE RESULT WAS THAT THE FATALITY MET BEFORE THE BIGGEST CROWD EVER TURNED OUT IN THE MORNING CITY."

A local sport writer, sitting with his chin on the edge of the mat, found time during the excitement to pen these lines:

"In the greatest exhibition of mat skill Utah fans ever witnessed, Mike Yokle, world's champion in the 158 pound division, twice pinned to the mat the shoulders of Joe Turner, holder of the Police Gazette belt, and thereby won UNDISPUTED honors in the middleweight class."

The story goes on for a column or more, telling the details of the bout. Even in the headlines, written in the Gazette office and by Gazette employees, the statement is made that Yokle "throws the holder of the Police Gazette belt."

It might be said that Turner met Yokle later in Washington and defeated him, winning back the trophy. Still later, Turner again defended his title and the belt in a match with Yokle in Salt Lake City, after having spent more than a month in that city, training for the match and becoming accustomed to the altitude there which he claimed handicapped him in the first bout.

As additional evidence that the Turner belt is what is claimed for it, The Police Gazette sent out a few years ago, subscription blanks on the reverse side of which was a 4x5 picture of Joe Turner, wearing the same championship belt which Bowser won here a week ago last Friday. The copy of the Police Gazette from which the above was taken is in the Advocate office.

GOOD TIME IS PROMISED AT ANNIVERSARY

Exalted Ruler James R. Cooper is in receipt of "acceptances" from a number of prominent Elks over the state, to the eighteenth anniversary of the institution of the local lodge of Elks.

The out of town speakers have all promised to be present. Captain Frank Warden will arrive tonight from Des Moines, Ia. Hon. M. H. Donahue and George A. Johnson, judges of the supreme court of the state, Hon. Timothy Hogan, ex-speaker of the House of Representatives, L. K. Langdon, Jesse W. Smith, district deputy of the Grand Exalted Ruler, State President Ed-

CAPT. FRANK G. WARDEN.

win G. Stough of Mansfield, H. Sage Valente, auditor of Franklin county, Ohio, Reusser, ex-president and H. O. Starnon of Zanesville will have seats of honor at the banquet table.

After the initiation of twenty-two candidates, beginning at 6:30 o'clock, all members and visiting guests will march to the K. of P. hall in East Main street where 350 plates will be served. Caterer Chas. Dean and his gang the menu. Twenty tables will be set up and the service will be in a hall with a previous night. The program, music will be furnished by the Field orchestra and special musicals have been held to arrange the program, which will include vocal selections by the Elk double quartette.

The anniversary is called the "Old First Night" and promises to go down in Elk history as an event enjoyed by all in a grandeur, one night of joy with a flow of wit and merriment and a host of good things for a long time.

BIG PUGILISTS FIT FOR BATTLE NEXT SATURDAY

[ASSOCIATED PRESS TELEGRAM]
New York, March 21.—At both training camps today, the word was passed by the men in charge of Jess Willard and Frank Moran that the big fellows are so nearly on edge that the remainder of the week should be devoted to lighter exercise. The work will be restricted to that which is necessary to keep the men in their present condition.

Every one, including the state athletic commission's physician, Dr. Joseph M. Creaner, who saw the men in action during the last three days, seems satisfied that both are in prime shape for next Saturday's ten-round battle. Both have trained carefully and their looks certainly bear out the statements of their respective managers, who claim that nothing has been left undone that could be supposed into the daily work of the men in order to bring them as near as possible to the perfect trim.

Willard will not take any more hard morning road exercise. His program calls for a two-mile walk at a stiff pace this morning and this afternoon he will box six or eight rounds with Hemptle, Rodell and Monahan. The later raised a bump on the right side of Willard's head with a left hand smash yesterday, but it

responded to subsequent treatment and was reduced to very small proportions today. After today Manager Tom Jones said Willard would ease up in all of his work but would box a few rounds every day up to Friday.

Moran, after his lay off yesterday was up early this morning and made preparations for his usual four-mile run across country up in Westchester. He intends doing a full turn in the "gym" this afternoon and will take on all of his sparring partners for a couple of rounds. Tomorrow he will ease off to lesser work and by Friday he hopes to turn the scales at 205 pounds. He still is of the opinion that he can get on enough weight to enter the ring at 207 pounds.

NEW LEADERS IN TWO MEN EVENTS TOLEDO TOURNNEY

Toledo, March 21.—L. Woods and J. Frankenberg of Uniontown, Pa., topped the players in the two-man event of the American Bowling Congress tournament this morning with 1211, their mark running them 13th temporarily. Attempts on the part of Woods to force his first game where he opened with four spars, cost him a brace of errors that came together. The couple went the rest of the way. Woods not having an open frame while Frankenberg had six railroads, but down two of them.

Cleveland showed the second best mark with 1188 by Luecht and Reynolds. Two pairs from the Commodore Barrys, the new leaders from Chicago, rolled in the doubles on the noon shift and showed good form. Svoma and Carey getting 1153 and Russell and Murray 1147.

BOWSER MEETS TWO ON THE 29TH AT LANCASTER

Paul Bowser accepted the offer of Lancaster promoters for two matches at Lancaster on March 29th when he will meet Harry Nick and Olie Smith, agreeing to throw both men three times in an hour or forfeit his share of the receipts to a Lancaster charity. Bowser approved the Lancaster promoters' suggestion to make the Boy Scouts of Lancaster beneficiaries of the bout.

Smith and Nick have been talking too much at Lancaster and unpleasant bits of their conversation drifted to Newark. Bowser called their bluff. He may not be able to throw the two men three times each but Newark people know Bowser well enough to believe that he will show the Lancaster fans that he can try. Bowser, from tonight at Coshocton with Jim White has been postponed until next Monday night, according to word this afternoon from Coshocton. Bowser will also apply the snuffer to White who has been doing a conversational marathon at Coshocton for the past two months.

DEATH SENTENCE UPON WOMAN IS COMMUTED TODAY

[ASSOCIATED PRESS TELEGRAM]
Raleigh, N. C., March 21.—The death sentence imposed upon Mrs. Ida Ball Warren, the first woman ever sentenced in North Carolina to die in the electric chair, was commuted to life imprisonment today by Governor Craig.

The governor also commuted to life imprisonment the sentence of Samuel Preston Christy, convicted with Mrs. Warren for the murder of her husband in 1914.

GOVERNOR BOOSTS ATHLETICS IN THE HIGH SCHOOLS

[ASSOCIATED PRESS TELEGRAM]
Columbus, March 21.—Governor Willis today wrote a letter congratulating Stivers High School, Dayton for having won the state basketball championship in the recent tournament at Delaware. "To my way of thinking athletic sports in conjunction with our high schools are most commendable," said the governor. "To make strong minds and vigorous bodies there must be a training of both mind and body." The letter was addressed to H. Clay Riverside, a high school student, who had written the governor regarding the basketball all victory.

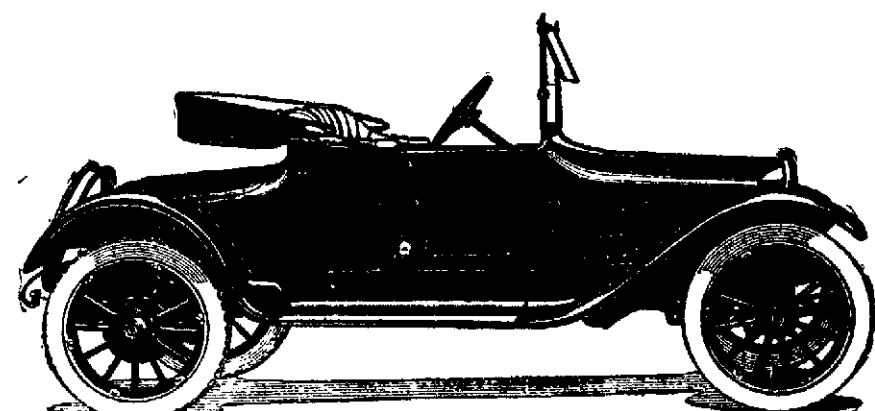

He scoffs at war correspondents who has never felt a censor's blue pencil.

DODGE BROTHERS ROADSTER

The wheels of the car hold fast to the road, but do you know why?

Light, strong steel parts and scientific distribution of weight hold the weight down to 2,500 pounds, and produce a perfectly balanced car. Lightness and balance result in roadability—and also in low gasoline consumption and high tire mileage.

It will pay you to visit us and examine this car.
The Motor is 30-35 Horsepower
The price of the Touring Car or Roadster complete is \$785 (f. o. b. Detroit)

For Their Protection

When everything is considered, there are few other things that offer so much protection to a man's wife and children as a home.

It is a splendid thing to work for. Borrowing money here to buy or build is going in debt, of course, but it is a debt every payment of which is a joy, a step toward a much longed-for independence.

Most homes are paid for out of savings that would never have been made but for the ambition to get the home paid for.

Better think over this home building matter, talk it over with your wife, come in and see us about our loaning plans.

The building season is here.

The time of decision is at hand.

The HOME Building Association Co.

NEWARK, OHIO.

NEWARK "DRESS UP" WEEK

---: STARTS MARCH 27th :---

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulitised coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every trace of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulitised coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

AN EASY WAY TO END CATARRH FOREVER

Simple Home Treatment Destroys
Germs of This Dangerous
Disease.

The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douching, greasy cream, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily, besides stopping for a while the disgusting blowing, hawking, spitting and choking, but they never cure. To drive out Catarrh for good you have got to get down to its real cause. Catarrh is a germ disease. The air is always full of catarrh germs blown off by one person and absorbed by another and when the system does fail to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomei (pronounced High-o-mey). This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hard rubber inhaler which T. J. Evans and other leading druggists have in Newark, Ohio, and vicinity supply with every treatment. This medical air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. Even two or three minutes use will give refreshing relief, while, if you will use it two or three times a day for a few weeks it will completely banish catarrh and every symptom of catarrh. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy.

How To Eradicate All Superfluous Hair

Advice By a Skin Specialist

The best means I have ever found for removing all signs of disfiguring growths of hair on the face, neck, arms, or hands is a new preparation called Mrs. Osgood's Wonder. I have recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It cannot injure the skin or complexion and is quite inexpensive. Osgood's Wonder from T. J. Evans or any up-to-date druggist. Signed Money-Back Guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

Rheumatic Pain Stopped.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me.—James S. Ferguson, Philadelphia, Pa. Sloan's Liniment kills pain. 25c at Druggists.

LEGAL NOTICE.

To whom it may concern: Mabel Glenn Holmes of Licking County, Ohio, hereby gives notice that she will file her petition in the Probate Court of said County on the 22nd day of April 1916, praying for an order of said Court authorizing the change of her name from Mabel Glenn Holmes to Mabel Glenn Rowland and that said application and petition will be for hearing as prescribed by law.

2-21-Tues-11

At the present pace he is going, 10-year-old Raymond Ray of Los Angeles, Cal., will have his Ph.D. when he is 16 years of age. He is now claimed to be the most learned boy in the world.

Granville

(Special to The Advocate)

Granville, O., March 21.—Denison met Wooster in the intercollegiate debate for men on Monday evening, March 20, at 8 o'clock. Recital hall was well filled with an interested and appreciative audience and the forensic combat called forth tumultuous applause for both teams. The question was, "Resolved, That the Monroe Doctrine Should be Abandoned," and Denison's affirmative team put up some splendid arguments. The captain of the team, E. B. Wilson, and James W. Gainfort were especially strong in rebuttal and the result of the contest was a two to one victory for Denison. Wooster put up a powerful argument and the negative was especially well defended in the person of J. S. Alexander, captain of the Wooster forces. It was difficult to say just how strongly the sentiment in the audience was for the defense of the Monroe doctrine, but it is certain that the Denison team had much of that feeling to overcome.

President C. W. Chamberlain presided and offered the invocation after which the Shephardson glee club sang a choice selection. Pending the decision of the judges Mr. Walter Soffle played a piano solo in fine style.

The personnel of the Denison affirmative team is E. B. Wilson, captain; W. S. Zwyer, James W. Gainfort; F. D. Kruh, alternate; of the Wooster negative team, J. S. Alexander, captain; L. C. Richards, P. E. Patton, J. W. Sallen, alternate. Judges, J. A. Shawan, superintendent of schools, Columbus, W. J. Hawkins, superintendent of schools, Newark, J. E. Sater, district court, Columbus. Manager of debate and oratory, Bryant C. Morris.

Winnepeg still is headquarters for the Travelers' club in the researches being made into the history and present condition of "Our Lady of the Snows," as Kipling has named this great dominion. That this title is something of a misnomer was shown in a comprehensive treatise on the agricultural states of Canada given in the paper, "The Great Wheat Belt," by Mrs. Daniel Rogers. She spoke of the antiquity of this cereal and the countries where it had been most successfully cultivated. She said that wheat grows naturally between 20 degrees and 40 degrees north and south latitudes, and that it ripens under certain conditions in a colder climate. That we must look to the temperate zones for the great output; to the United States and Canada; to Chili, to Russia, Denmark, Hungary and Turkey. She spoke of the thirty-one varieties of wheat of which fifteen varieties are grown in Canada. She quoted some one who said of Canada: "This land will be a vast field of wheat; it is worth more than the unmined gold fields of the Yukon; it will make Canada great—rich beyond dreams of avarice." Several new viewpoints were given the audience during the reading of this interesting paper. In the discussion which followed, Mrs. C. B. Slack gave some interesting personal experiences recently related to her by a Newark lady who has taken up wheat farming in Canada and is making it pay.

"The Northwest Mounted Police" was featured in a most original and most enjoyable way by Mrs. Susan Bawden. Her paper supplied the human touch so essential in sustaining the interest in any program. This famous force was first formed in 1870; in 1873 it numbered 150 men and 558 horses, operating in eight districts. The men are unmarried, in age from 21 to 40 years, with a minimum height of five feet eight inches—though most of them are six feet—and a maximum weight of 175 pounds. The "beat" for each is a long, lonely and cold one, though distance has no terrors for them. They are agents of the law and the law is back of all they do. They are expected to bring in the malefactor—alive. If he is brought in dead they go to jail for three months; if he isn't brought in the same reward awaits them. But hunting criminals and bringing them to justice is only one of the many duties which fall to the lot of the mounted police. In case of accident in any lonely camp, no city hospital could be more urgent and self sacrificing in hurrying relief to the injured. These men are unique; as an organized force there is nothing like it anywhere in the world. Three more programs remain: Banff, Edmonton and Prince Rupert before the club bids farewell to Canada.

Prof. H. D. Fish in his lecture on "Hereditary in Plants and Animals" given in Recital Hall last evening, was greeted by a large and appreciative audience. Prof. Fish who possesses a good voice and a magnetic personality has his subject well in hand and presents it in clear and concise language devoid of bewildering technical terms. The pictures on the screen were interesting and illustrative. He spoke of several of the famous scientists and their theories, especially of Charles Darwin and the work he has done for science. It was a matter for regret that owing to the Varsity debate which was held in Recital Hall at 8 o'clock, Prof. Fish was obliged to close at a particularly interesting point in his talk. However, the lecture will be resumed just where it was broken off, and next Monday evening the Opera House will again be used, and the hour set will be 8 o'clock. Everybody invited.

Mr. and Mrs. J. S. Jones expect to leave for New York this evening where they will remain for possibly a week or longer.

Prof. and Mrs. Theodore Johnson who spent the week-end in Parkersburg, W. Va., returned yesterday afternoon.

Mrs. Johnson is to sing the principal part in the Opera on Wednesday and Thursday evenings. Her "Eurydice" will surprise all her previous successes in "Orpheus in the Underworld" in the title of the production, but Orpheus invades the lower regions in order to bring

Conquers Rheumatism In a Very Few Days

One-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked and crippled and despairing rheumatics during the last five years. "Powerful and sure; quick acting; yet harmless: Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is not a druggist anywhere who cannot tell you—if he will—of almost marvelous cures. If you are tortured with rheumatism or sciatica, you can get two bottles of Rheuma from T. J. Evans or any druggist for not more than \$1.00 with the understanding that if it does not drive rheumatic poisons from your system—money back.

back his Eurydice. How he accomplishes this wonderful feat is for you to see, to hear and to applaud! "Eurydice" is a star of the first magnitude.

Miss Eva Robinson who has been ill at her home on the Newark road is again able to be around.

Rev. H. A. Nixon is suffering from an attack of illness at his home in West Maple street.

Director Karl Eschman is leading the strenuous life. In addition to the whirlwind drill of the chorus and orchestra for the Opera this week, he is also engaged on the score of "The Creation," the local combination to the big Spring Festival which promises so much this year. The Engwerson chorus is keeping right up to the mark.

The house committee of the Fanny Doane House met Monday for a conference and were Miss Clark's guests at luncheon at the House in West Broadway. Those of the committee present on this occasion were: Rev. and Mrs. T. G. Field, Mrs. C. J. Rose, Mrs. C. J. Baldwin, Mrs. Helen Hunt, Mrs. Hines.

Miss Katherine Critchfield of Mt. Vernon, formerly of Denison is expected in Granville on Thursday to attend the second performance of the Comic Opera. She will be the guest of Mrs. Marion Rose Johnson. Mr. and Mrs. D. V. Bay of Newark will attend the Thursday's presentation of "Orpheus in the Underworld."

The C. L. Herriek Geological society of Denison held a banquet at the Buxton House Friday evening, March 17, which was greatly enjoyed by the twenty-four members present. Mr. H. L. Girley was toastmaster and presided with ease and efficiency calling for responses from Mr. T. H. Rees, Miss Eunice Barnes of the senior class and from Prof. W. H. Johnson of the faculty. Faculty members present were Dr. Frank Conway and Mrs. Conway; Prof. W. H. Johnson and Mrs. Johnson.

The King's Daughters held their regular meeting in their rooms Monday evening, March 20, with comparatively few members present. Devotional service was conducted by Miss Edna Morgan and the business session by the president, Miss Lily Jones. Sewing was the order of the evening, after details of business had been dispatched. The circle is looking after many of the sick and helpless in the village and providing nurses for several who are unable to help themselves. Light refreshments were served although none of the four official hostesses were able to attend. Mrs. E. J. Dorsey, Miss Blanche La Ferre, Miss Dora Lisle and Miss Carrie Hanland, their duties being performed and the refreshments they provided being passed by substitutes.

Mrs. Martin L. Bricker died this morning at 6 o'clock at the family residence on the Lancaster road after an illness of only a few days. Her daughter, Mrs. Edna Lines of Granville who had been at her parents' home for over a fortnight suffering from an attack of pneumonia had just begun to convalesce, when she herself was taken with the illness which terminated fatally. She is survived by her husband and four children, one son, Mr. Le Roy Bricker of San Francisco, Cal., and three daughters: Mrs. Lemore Wickersham of San Francisco, Mrs. Margaret Hazard of Blackfoot, Idaho and Mrs. Edna Lines of Granville. Mrs. Wickersham and Mrs. Lines were with their mother, but it is doubtful if the others will be able to arrive in time for the funeral. The day and hour for the funeral service will be announced later. The family here have the sympathy of the community in their sudden bereavement.

The greater part of Chilean coal is so soft that fully 30 per cent of it is wasted at the mines.

BLACKHEADS GO QUICK

BY THIS SIMPLE METHOD
Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quickly by a simple method that just dissolves them. To this get about two ounces of powdered norexin from your druggist—sprinkle a little on hot wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. The dissolved matter and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unsightly—and unless the blackheads are dissolved they will not come out, while the simple application of norexin and water drives them out, leaving the skin soft and the pores in their natural condition. You can get powdered norexin at any drug store or from a druggist who will send you a trial bottle without charge. It slightly bleaches you should certainly try this simple method. Adv.

LEGAL NOTICE.

Common Pleas Court, Licking County, Ohio.
Glady's Kennitzer, who resides at 1245 Grand street, and who has notice that Ida Wells on the 19th day of February, A. D. 1916, filed her petition in the Common Pleas court of Licking County, Ohio, praying for partition of the following described real estate:—Situating in the city of Newark, the county of Licking and the State of Ohio, and described as follows: Being lot number three thousand and thirty-four (3034) in B. B. Francis' Addition to the City of Newark, Ohio, and being the same premises conveyed by Wm. H. Smith and Rose Smith, executor and executrix of the estate of Patrick Smith, deceased to said Glady's Kennitzer by deed dated June 28, 1899.
Said Glady's Kennitzer is hereby notified that she has been made a party defendant in said suit, and is required to answer on or before the 20th day of May, A. D. 1916.
Ida Wells, Plaintiff.
Jones & Jones, Attorneys. 2-21-Tues-11

Readers' Viewpoint

Editor Advocate:—

As the birds begin to sing, the grass to look green and the hens to cackle, many people will get "the hen fever" and many will be the interesting discussions as to from what breed should the eggs for hatching be selected.

At the International egg laying competition, (Delaware Experiment Station) that started November 1, 1915, at the conclusion of the eighteenth week, which might be said to be the end of the winter laying season, White Wyandotts held first and second place and tied with Rhode Island Reds for third place. At Storrs (Connecticut) Agricultural College, at the conclusion of the eighteenth week, White Wyandotts held first and third place, with Barred Plymouth Rocks holding second place.

At the Delaware Station of the leading breeds, six pens of B. P. Rocks are entered, sixteen pens White Wyandotts, seven pens Rhode Island Reds and forty-eight pens Single Comb White Leghorns.

At Storrs, of the leading breeds, the entries are ten pens B. P. Rocks, thirteen pens White Wyandotts, twenty-one pens R. I. Reds, thirty-five pens S. C. Leghorns and one pen Oregon.

As a breed, for this period at Storrs the White Wyandotts have averaged per hen 45 eggs, the Oregon 44, the R. I. Red 42 and the B. P. Rocks 36. The Oregon are a new breed originated by The Oregon Agricultural Experiment Station.

These egg laying contests that have been going on for several years and one also at the Missouri Experiment station would seem to indicate that when the whole year is considered, Single Comb White Leghorns hold the record and second place is held by White Wyandotts but when the matter of profit is taken into consideration the tables are turned and White Wyandotts stand at the head and the Leghorns drop down to probably fourth place though taking all the contests into consideration it is a little difficult to decide if the Leghorns should be given second, third or fourth place.

Some years ago I was a breeder of and great admirer of the Rose Comb Brown Leghorns and the Silver Laced Wyandotts. I visited Vineland, N. J., where the chicken business has been highly developed and found Single Comb White Leghorns and White Wyandotts predominating. To my inquiry, why do you keep White Leghorns the reply was that "the Single Comb White Leghorn produced a little larger and more uniform egg and had been bred for egg production longer than any other breed." Why keep White Wyandotts in preference to other breeds of Wyandotts? The reply was that "the White Wyandotts had been bred for egg production longer than any other breed of Wyandotts, that they used this breed primarily for the production of roosters for the New York market, that while the White Wyandotts had pin feathers same as any other breed, yet the white pin feathers did not show like the dark ones."

Some experiments show that Leghorns produce almost as many eggs the second year as the first, while not so in the American breeds, though this matter has not been as well tested out with the American breeds as with the Leghorns.

It would seem that from these various sources of information that the conclusion might be drawn that for any one wishing to make egg production a leading feature, Single Comb White Leghorns should be selected. For any one wishing to make the production of broilers a leading feature or a combination of egg production and meat production, the White Wyandotte should be selected.

CARY W. MONTGOMERY.

How Any Woman Can Remove Hairy Growths

(Beauty Culture.)
It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.—Adv.

Keep Your Skin Clear and Healthy.

There is only one way to have a clear, healthy complexion and that is to keep the bowels active and regular. Dr. King's New Life Pills will make your complexion healthy and clear, move the bowels gently, stimulate the liver, cleanse the system and purify the blood. A splendid spring medicine. 25c at your Druggist.

Society

Mr. and Mrs. Frank Albright of Fulton school house on the Union Station road delightfully entertained a number of their friends Saturday evening, March 18th with a St. Patrick's day party.

The time was most enjoyably spent in games and contests, the winners of the prizes being Mr. L. E. Clark and Lewis Roberts. Music was furnished throughout the evening and at a late hour a delicious lunch was served, the favors being shamrocks. Those present were: Mr. and Mrs. E. Roberts, Mr. and Mrs. Lloyd Horn, Mr. and Mrs. Will Hazlett, Mr. and Mrs. Frank Swartz, Mr. and Mrs. Boyland of Hebron, Mr. and Mrs. E. Van Arsdale, Mr. L. E. Clark, Mr. and Mrs. Chas. Horche, Mr. and Mrs. Frank Albright, Allie Mae Clark, Ruth Swartz, Adah Albright, Earl Clark and Lewis Roberts.

On Tuesday Mrs. M. C. Harter was hostess to the Jolly Stitches at her home south of Jacksonville. After a delightful social hour spent with hook and needle a dainty two-course luncheon was served to the members Mesdames E. V. Beard, L. Coffman, L. E. Crow, J. F. Davis, C. E. Frymire, T. C. Juby, C. R. Meredith, C. B. Wolcott, W. E. Wallace and the guests Mrs. Ida Ingman of Newark, Mrs. Orr and Ridour of Thornville and Mrs. T. C. Juby.

The next meeting will be April 11 with Mrs. T. C. Juby.

On Friday evening at her home, 532 East Main street, Miss Marie Brown entertained the members of her Sunday school class. A short business meeting was on the program, after which the evening was spent in music and games. At a late hour light refreshments were served.

Twenty-five years ago the club women of the city edited one issue of the Newark Advocate, and the following clipping is an excerpt from this issue. It was written by Mrs. John H. McCune of North Fifth street, mother of Mrs. R. S. Wyeth, of the Granville Road. Mrs. Walter L. Jory and Miss Nellie McCune of Cleveland.

Frederick N. Palmer, postmaster of Brattleboro, Vt., in 1846 conceived the unheard of idea of a postage stamp, to overcome the annoyance of payment of letter postage which then existed. So on his own responsibility he had a five cent stamp engraved in Springfield, Mass., and these stamps were sold and used for the payment of postage from the Brattleboro office. This is admitted to be the first postage stamp used in this country. Twenty years ago one of these stamps was worth from \$100 to \$200, and their value has steadily increased in the eyes of stamp collectors.

Mrs. Copeland, now living in Chicago discovered one of these stamps on the envelope of a valentine which was sent to her mother by a Brattleboro admirer in 1846, when she was teaching school in Pittsfield, Mass.

Mrs. Copeland received \$500 for her treasure from a New York agency.

Mr. Henry S. Fleck, a philatelist who keeps posted upon the latest quotations, said this morning that the last four or five years ago, was about \$600 for one of these stamps. Naturally they are seldom offered for sale, being a rarity that a collector would not sell unless he was forced by circumstances to part with such a treasure.

The members of the Monday Talks convened in the social rooms of the First M. E. church on the club day and the following program was arranged from the calendar:

Country Life in South America—Mrs. C. C. Metz.

Russia's Place in the Musical World—Written by Miss Alma Hillard and read by Mrs. E. T. Johnson.

Should Women Learn the Alphabet?—Mrs. Frank Sprague.

The last meeting of the present season will be held on next Monday.

The opening session of the Ohio congressional suffrage conference was held at the Athletic Club in Columbus on Monday evening and continued over today at the Virginia Hotel. Mrs. Carrie Chapman Catt, president of the National American Suffrage Association delivered the address of the evening, asserting that the climax of equal suffrage has been reached. The speaker claimed that scarcely a man remained who is sincerely opposed to woman's enfranchisement.

Mrs. Catt declared that what the suffrage workers are in the greatest need of today is a "large company of well-trained sleuths to ferret out the well-organized money power who are giving real money to the cause of defeat suffrage, wherever in this country it is being voted upon."

Continuing she said that during the period of her activity in the suffrage cause, the propaganda work has been evolved through the rotten-egging, good eggging, no eggging stages to the present when suffrage speeches can be made in fine banquet halls.

A banquet was given at the Athletic club and 350 were present. Among those from Newark attending

the meetings are: Mrs. E. S. Randolph, Mrs. C. C. Griffith, Mrs. Nettie J. Hutchings, Mrs. Elmer E. Moore, Mrs. Whiteman, Mrs. F. M. Howard, Miss Florence Beckel and Miss Grace Williams.

The Gutesluck club was entertained at the home of Miss Katharine Johns in 221 West Main street on Monday evening. The hours were spent in sewing and music. A dainty luncheon was served and the meeting adjourned to meet with Miss Helen Vogel at her home in Pataskala street.

The P. O. G. B. club met at the home of Miss Lorraine Chenoweth in East Main street on Monday evening. After the business of the club had been transacted a social hour was enjoyed. The club will meet April 3, with Miss Florence Wolfe in South Third street.

Today's Beauty Help

You can keep your hair at its very best, by washing it with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water. One finds that the hair dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean, wholesome feeling. All scalp irritation will disappear, and the hair will be brighter and glossier than ever before.

GERMANS AND BRITISH HAVE NAVAL BATTLE

GERMAN AND ENGLISH REPORT OF ENGAGEMENT DIAMETRICALLY OPPOSED.

Each Claim Victory for Its Naval Forces, but Germans Admit "Unimportant Damage."

(ASSOCIATED PRESS TELEGRAM)

London, March 21, 12:30 P. M.—An engagement occurred yesterday off the Belgian coast between four British and three German destroyers. Two of the German vessels were hit. Four men on the British boats were wounded.

The official account of the action follows:

"Yesterday morning four British destroyers sighted three German destroyers off the Belgian coast. The German destroyers at once turned and ran for Zeebrugge, chased by our own destroyers.

"Shots were exchanged. During this short running fight two enemy boats were observed to have been hit. Our casualties were four men wounded."

The German admiralty account of the battle between British destroyers and German torpedo boats off the Belgian coast follows:

"On March 20 off the coast of Flanders a fight which was successful for us took place between three German torpedo boats and a division of five British destroyers. The enemy broke off the engagement after he had steamed away at full speed. "We suffered only unimportant damage."

PEACE PARLEY; BELGIUM WILL PARTICIPATE

(ASSOCIATED PRESS TELEGRAM)

London, March 21, 3:15 p. m.—The entente allies have promised Belgium she will be invited to participate in the peace negotiations.

The announcement regarding Belgium was made by Sir Edward Grey, minister of foreign affairs, who informed the house of commons today that Great Britain, France and Russia had made the declaration to Belgium that when the time came she would be invited to participate in the peace negotiations.

A guarantee was given to Belgium, Sir Edward Grey said, that the powers would not cease hostilities until she had reinstated in her political and economical independence and largely indemnified "for wrongs she had suffered."

The entente allies, the foreign secretary added, would also lend their aid to help her financial recovery.

GOEBEL SLAYER IS RECOMMENDED FOR A PAROLE

Frankfort, Ky., March 21.—Danfel E. O'Sullivan, chairman of the state prison commission today announced he would present for parole to the commission at its next meeting here on April 4, the name of Henry E. Youtsey, convicted 16 years ago of the murder of Governor Wm. Goebel and sentenced to life imprisonment.

Mr. O'Sullivan's announcement recites that Youtsey is entitled to parole "by length of service, by continuous valuable work for the state and by the provisions of the law and every dictate of fairness and humanity."

Governor Goebel was shot and killed in Frankfort, January 20, 1900, by a concealed assassin. A period of political turmoil preceded his murder.

Personal

Mr. and Mrs. Fenwick Ewing and children left for Mobile, Ala., this morning for a visit of two weeks at Mrs. Ewing's old home.

Mrs. Henry Schram and Mrs. Homer McOwen of this city, have returned home after spending a few days with their sister, Mrs. Frank Reoll of Newark.—Zanesville Times-Recorder.

Mrs. Harry Kale and little son of Columbus spent Sunday the guest of her mother, Mrs. Peter Ewald in Ash street.

Roderic Jones returned home today from a business trip to New York City.

Mr. W. H. Broome who has been at Mt. Clemens, Mich., for several weeks returned home yesterday. His family is quarantined at their home in Locust street on account of their children being confined with scarlet fever.

Mrs. Elmer Cook and daughter, little Dorothy, spent Saturday and Sunday with Dorothy's great grandparents, Mr. and Mrs. Geo. W. Graves, No. 25 Spencer street.

Charles Workman of Columbus was a business visitor in the city today.

William Nehls has returned to his home in Iowa after having been called here to attend the funeral of his mother.

Mrs. William P. Young and little son Robert, have returned to their home in North Fourth street after spending Sunday at Mrs. Young's home in Columbus.

Mrs. John Leonard of Granville street is visiting friends and relatives in Detroit, Mich., for a few days.

Carl Cheney has returned to his home in Coshocton after visiting friends in Newark.

Mrs. John Sachs and daughter, Miss Martha Sachs, of Hudson avenue, went to Coshocton today to be the guest of Mrs. Sachs' sister.

Dr. J. M. Stone has returned from Indianapolis having been called there in consultation with Dr. Charles B. Jones, of the Norways sanatorium. Dr. J. M. Stone was called to Dilans Falls this morning on professional business.

KEEN INTEREST OF OFFICERS IN REPORTED FIGHT

(ASSOCIATED PRESS TELEGRAM)

San Antonio, March 21.—Keen interest was shown by officers at army headquarters here today in every rumor concerning the fighting between the forces of Francisco Villa and the Carranza troops near Namiquipa towards which American troops were advancing last night.

The outcome of the engagement had not been reported by General Pershing and General Funston expected to get his first news from Mexican sources. Latest official reports show the three detachments of General Pershing's force riding hard into the south. The prospects for at least one of them to get into contact with Villa appeared bright.

Along the line of communication and at Casas Grandes enough troops have been held to furnish a supporting force to any of the three columns.

It was believed likely here that aeroplanes would be above Villa and would be able to keep General Pershing informed of his new route if he managed to extricate himself from his encounter with the Carranza soldiers.

Failure to secure immediate permission to send supplies over the Northwestern railway caused headquarters today to continue to route supplies to Columbus for transportation to Casas Grandes by automobile trucks.

At the age of 18 David is said to have written his first psalm. Shelly wrote Queen Mab and Mendelssohn composed his music for "A Midsummer Night's Dream."

B. & O. ENGINEER WAS ARRESTED FOR FORGERY

CHARGED WITH ATTEMPTING TO CASH RELIEF CHECK AT GROCERY

Only One of a Number, Aggregating \$300—Railroad News of General Interest.

Claude M. Rickus 50 well known Baltimore & Ohio freight engineer, was arrested at his boarding house, 47 South Morris street early this morning by Baltimore & Ohio Detectives Sullivan and Chief of Police Sheridan. Rickus was arrested on an affidavit charging forgery.

On February 21, an assignment of Baltimore & Ohio Insurance Relief checks aggregating \$300 was stolen from a pigeon hole of a desk in one of the local offices. The police department of the company immediately started work upon the case, but had unearthed no clue. Monday morning, according to James P. Murphy, the West Main street grocer Rickus came into his store and presented a check for \$26.

Murphy said he cashed the check, which was payable on the First National bank, this city. Later he says, he went to the bank and was informed that the check was one of the package stolen several weeks ago.

He immediately went to the home of Rickus in South Morris street, but was informed by the woman in charge of the boarding house, that Rickus was away and that he had said something about going to his home in Butler, O. Mr. Murphy then notified Chief F. R. Castor, head of the local railroad department, that Rickus was the man sought by the department.

This morning Mr. Murphy went to his man in the lunch room, but while there Chief of Police James F. Sheridan and Detective Sullivan brought Rickus to the station. Murphy identified Rickus as the man who passed the check at his store Monday and he was taken to the city prison.

According to the police the Murphy incident was only one of several that have come under their observation since the arrest of Rickus. The checks were in a book form and were to have been distributed to employees now lying off duty on account of sickness.

Rickus' arrest came as a great surprise to his fellow workmen as he was always considered a hard working competent employee. He has been in the employ of the Baltimore & Ohio company for the past fifteen years. He has a wife and family residing in Butler, O.

The affidavit for Rickus' arrest was sworn to by Mr. Murphy before Mayor Bigbee shortly after he discovered that the check was worthless. It is not known at the present time the extent of Rickus' operations or how much money was realized by the forgeries.

Rickus will probably be arraigned for hearing before Mayor Bigbee at the Wednesday morning session of Police court.

Addressed Men.
T. E. Stacey, of Baltimore, Md., general secretary of the Baltimore & Ohio railway Y. M. C. A., at noon today addressed the shop men at the local shops. Mr. Stacey's address was on temperance and was heard by nearly every man employed in the shops.

Shop Sick List.
Howard Loughman, 235 Oakwood avenue, employed as helper, is lying off duty on account of illness.

James Stump, carpenter, is on the sick list.

Frank Frye, a well known machinist, is lying off duty on account of illness.

Walter Rickert, machinist, is on the sick list.

In a German city garbage is collected, treated by a drying process and mixed with molasses to form cattle feed.

FOUND DEAD

SAMUEL PRICE, AGED RETIRED MERCHANT, CALLED SUDDENLY.

Body Found in Front Room by Neighbor—Supposed He Died Several Days Ago.

Samuel Price, 71 years old, a retired merchant, was found dead this morning about 7 o'clock at his home, the old Colonel Campbell farm on the Granville road, just outside the city limits. The body was discovered by William Wotring of Linden avenue, who made an investigation of the Price home at the request of a neighbor of Mr. Price, who had not seen the aged man for several days.

The body was found in a front room of the home and it is the belief of the coroner and the police that the man had been dead for several days. He had not been seen about the place since the latter part of last week. This fact had alarmed the neighbor who told Mr. Wotring of her fears. Mr. Wotring visited the home but was unable to gain an entrance but realized that something was wrong.

Mr. Wotring notified police headquarters and officers went to the home and forced an entrance to the house. Mr. Price was found lying

on the floor beside a table which was overturned. It was apparent that he was seized with the fatal attack while seated at the table and that in falling he pulled the table over.

The police called Coroner W. L. Jackson, who ordered the body removed to the L. N. Bradley morgue. It was the coroner's opinion that death was due to organic heart trouble.

Supporting the theory that death occurred Friday night is the fact that a package containing two loaves of bread which Mr. Price purchased Friday night were found on the floor near the body. The package had not been opened.

Mr. Price was a native of Coshocton county. He was never married. For years he was in the mercantile business in Coshocton where he was prominent for many years. He was captain of a national guard company there at the time of the civil war, but did not take part in that conflict.

His only near relatives are two nephews, Harry P. and Sidney Anderson of Chicago. Telegrams sent to them this morning brought prompt replies, ordering funeral arrangements to be made for Thursday afternoon of this week. Both men leave tonight for Newark to complete the funeral arrangements and be present for the services.

The production of magnesite is steadily increasing in the United States, the 114 output being 11,293 short tons, valued at \$124,223.

ILLNESS DELAYS SUBWAY MATTER IN BALTIMORE

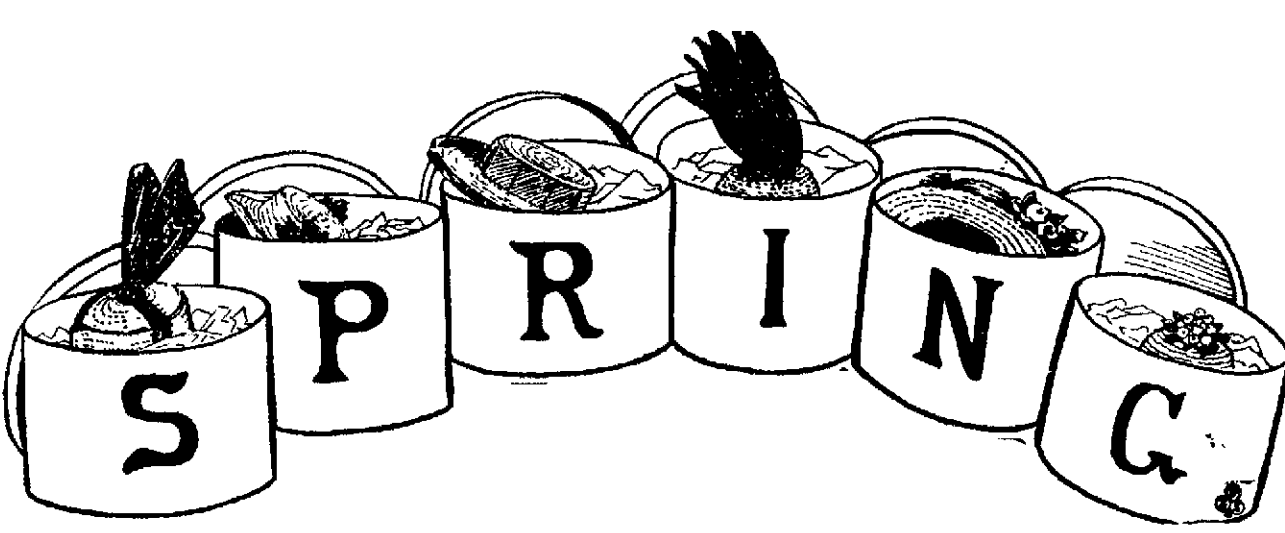

In a letter to City Solicitor Ralph Norpell, A. W. Thompson of the B. & O. general offices in Baltimore, advises the Newark officials that the latest delay in forwarding the contract for the subway construction is due to the illness of Mr. Thompson's son. His letter states that an operation will be necessary and that it is difficult for him to make definite plans regarding the final action on the subway contract. He hoped to be able to give the matter his "preferred attention" the early part of this week.

The B. & O. and Pennsylvania companies are now discussing the plans and certain proposed changes involving track and station arrangements.

The Sick.

Mark Guy son of Mr. and Mrs. D. M. Guy who underwent a serious operation is much improved. Mr. George Ward, who injured his head in a fall Monday and was taken to the Newark Sanitarium, is recovering.

Emperor Franz Josef possesses an opal for which he once refused an offer of \$250,000. It weighs 17 ounces.

7 ARCADE ANNEX

Hair on the Underarm Removed with El Rado

Women fairly revel in the comfort and cleanliness of hair-free underarms. El Rado removes hair from the face, lip, neck, or underarm in the same simple way that water removes dirt. The sanitary liquid first dissolves the hair, then it is washed off. Much more agreeable and "womanly" than shaving. El Rado is absolutely harmless, and does not injure or coarsen the hair growth. Money-back guarantee. At all toilet counters, 50c and \$1.00.

If you prefer we will gladly fill your order by mail direct, in plain wrapper, if you will write enclosing stamps or coin. Pilgrim Mfg. Co., 66 East 25th Street, New York.

Calves: receipts 150; steady; top 11.50.

Wall Street.
(Associated Press Telegram)
New York, March 21.—Stocks made general and very substantial recoveries at today's opening from the weakness of yesterday's close. War issues, which suffered materially at that time in connection with peace rumors, scored initial gains of 1 to 2 points, in some instances recording greater gains.

Initial offerings of Crucible Steel, Westinghouse, Baldwin Locomotive, Anaconda copper and Mexican Petroleum were blocks of 1,000 to 1,500 shares, these being freely absorbed. Allied specialties, including Industrial Alcohol, Mercantile Marine preferred, American Smelting and American Zinc, rose 1/2 to four points. Rails were firm but inactive.

Profiting from the usual effect of munitions and semi-war shares yielding 1 to 2 points and Bethlehem Steel losing 1/2 at 50 1/2, dealings diminished materially and before midday the market was undergoing a process of assimilation. U. S. Steel and Marine preferred were among the prominent stocks that more than maintained early levels and with Crucible, the Locomotive, Westinghouse, and Mexican Petroleum, made up the bulk of the forenoon's operations. Weakness of German exchange at the new low rate of 71 7/16 and strength of American five's were accepted as significant of foreign conditions. Bonds were irregular.

Chicago, March 21.—Closing: Wheat, May 108 1/2; July 107 1/2; Sept. 106 1/2; Corn: May 72 1/2; July 73 1/2; Oct. 71 1/2; Pork: May 22 1/2; July 22 1/2; Lard: May 11 1/2; July 11 1/2.

Cleveland Live Stock.
(Associated Press Telegram)
Cleveland, March 21.—Cattle: receipts 1,000; steady. Packers and butchers 9.40@9.55; common to choice 10.00@9.15; pigs and light 5.50@9.20.
Cattle: receipts 300; steady; calves slow.
Sheep: receipts 100; steady. Lambs steady.

Chicago Produce.
(Associated Press Telegram)
Chicago, March 21.—Butter, higher; creamery 21.90@22.00.
Eggs: higher; ordinary 12.10; cases; first 10.10; ordinary 11.10; at mark cases included 18.40@19.10.
Potatoes: lower; receipts 25 cars; Wisconsin, Michigan, Minnesota and Dakota white 8.50@9.00; Minnesota and Dakota, Ohio 8.50@9.00.
Poultry: alive unchanged.

Chicago Grain.
(Associated Press Telegram)
Chicago, March 21.—Wheat: under a fresh decline today, influenced by a considerable decrease by a decided increase in the European visible supply total. Lower freight rates on the ocean from the United States and from Argentina also counting against the bulls. In addition, there were reports from Missouri, telling of fields coming up that in better were in doubtful condition. Opening prices ranged from 1 1/2 to 1 3/4 lower, with May at 107 1/2 to 1 1/4, and July at 107 1/2 to 1 1/4, and were followed by a slight rally.
The close was weak, 1/2 to 1/4 lower, net lower, May at 107 1/2 to 1 1/4, and July at 107 1/2 to 1 1/4.
Corn showed weakness in sympathy with wheat. Besides the fact that much of the fact that the stock of corn in Chicago is now more than 10,000,000 bushels. After opening 1/2 off to 1/4 up, the market sagged moderately all around.
The close was unsettled at 1/2 to 1/4 net advance.
Oats gave way like other cereals. There were predictions that the acreage of oats this season would be largely increased.
High prices on hogs tend to lift provisions. The market appeared to be responsive to the record-breaking advance in the value of cottonseed oil.

THE NEWARK TRUST COMPANY

NEWARK, OHIO

CAPITAL AND SURPLUS \$325,000.00

Investment Dealings Based on Long and Profitable Acquaintance

Sound judgments are based on exact knowledge, and such knowledge can be acquired only in two ways—by long and intimate experience or by a complete survey of the facts.

Ten thousand men and women, residents of 35 states, who have purchased securities from us have learned by experience to place a high value on our services, not as of yesterday or tomorrow, but as of a period of years that include two great financial panics that brought misfortune to many, though not to investors who placed their funds through The Geiger-Jones Company.

More than 20 great manufacturing enterprises, comprising scores of shrewd, successful business men in their management, and more than \$40,000,000 of capital in their property, have learned the same lesson from a different, but equally competent, point of view.

The implicit confidence and unflinching respect of this great body of intelligent investors and successful manufacturers who have profited immensely because of this long established relationship, are the most valuable elements in our business. These customers judge The Geiger-Jones Company, as a man judges an old friend, not by isolated performances or momentary impressions, but by a long series of practical, every-day experiences covering a period of nearly twelve years.

Beyond the circle of this acquaintanceship, however, stand thousands of intelligent and responsible people who sincerely desire to make a careful study of the facts about us and about the corporations whose securities we have sold.

The securities we market stand squarely on their own bottoms. Their character and quality are derived from the corporations that issued them, modified, in a few instances, by moral and financial support extended by The Geiger-Jones Company when unusual circumstances have made such measures necessary. The essential soundness of these securities has been proved, but for the convenience of those who desire more exact information about the property values and earning power behind them, we have prepared "A Portfolio of Anniversary Reports, With Photographs, from Manufacturing Enterprises Financed by The Geiger-Jones Company." This is a very interesting publication of 32 pages that will be mailed on request to responsible persons who direct their inquiries to the Canton office.

WOULD PAY FOR CAR SPACE, NOT WEIGHT OF MAIL

(Associated Press Telegram)
Washington, March 21.—Hearings on the proposal to base payment to railroads for carrying mail on space occupied instead of weight as at present, were continued today before the senate postal committee.

Samuel Rea, president of the Pennsylvania, headed a delegation of railroad presidents who are to appear in opposition to the proposed change.

The delegation included: President L. E. Johnson, Norfolk & Western; S. M. Felton, Chicago & Great Western; W. H. Truesdale, Delaware, Lackawanna and Western; L. F. Loree, Delaware & Hudson; A. H. Smith, New York Central and W. J. Harahan, Seaboard Air Line; Jacob M. Dickinson, receiver of Rock Island and Frank Trumbull, chairman of board of the Chesapeake & Ohio.

Steel is produced in American plants which is equal to the German product in every way.

SHAUCK'S REAL ESTATE BULLETIN

GROUP OF FIVE GENERATIONS OF SNELLING FAMILY

MRS. FRANK HOUSE.

MRS. EDWARD S. PENNELL.

MRS. LAVINA-SNELLING.

MRS. CHAS. E. WALLS AND BABY DAUGHTER, VIOLA WAMZETTA.

Mrs. Lavina Snelling, of Frank House, whose address appears in the above photograph, carries more years on her shoulders than the others in the picture but none of them feels much younger than this 81-year young woman.

Aside from a slight defect in hearing, Mrs. Snelling says she is as young as ever. She is a regular attendant at church, attends lectures in her community whenever she is interested in the subject to be discussed, makes frequent trips to the homes of relatives in Columbus and in short enjoys life. In fact, a woman 80 years younger would envy it.

Mrs. Snelling is the widow of William B. Snelling, an old-time resident of the southern part of the county. They formerly lived at Amsterdam. Mrs. Snelling lived 45 years in one house there. Her husband was a remarkably good.

Mrs. Snelling, who is now in the eighty-fourth year of her age, was married at the age of 15 years, and of her family of eleven children, eight are still living. She now has 22 grandchildren, 12 great-grandchildren and one great-great-grandchild. In the picture the first generation is represented by Mrs. Snelling of Newark, Ohio, the second by Mrs. House, wife of Rev. Frank House of Linden Heights, the third by Mr. Edward S. Pennell, 117 East Poplar avenue, Columbus, the fourth by Mrs. Charles E. Walls, 117 East Poplar avenue, and the fifth by Viola Wamzetta Walls, aged 16 months, all of Columbus. Mrs. Snelling, advanced years have not kept her from enjoying heating and automobiles, as well as trips on cars. Her health is remarkably good.

NORTH DAKOTA EAS PRIMARIES

Lincoln, S. D., March 21.—North Dakota voters today are balloting in a series of non-partisan primaries to elect six delegates each to the Republican and Democratic national conventions.

The non-partisan league, a voting organization of farmers, has endorsed ten Democratic candidates pledged to no presidential candidate and ten Republicans who are pledged to United States Senator Robert M. La Follette, of Wisconsin.

Senator Storey's attitude regarding the position of (committee) was said by friends of George S. Rains of St. Louis, who withdrew from the race last night, to be that he would consent to accept only for the sake of party harmony.

Friends of Governor Major made preparations to endorse him as a candidate for vice-president.

25 Years Ago
(From Advocate, March 21, 1909)
Mr. W. A. Sledge, the rich and hustling Jeweler, is removing his stock of goods from the room formerly occupied to the one recently vacated by Rosecrans & Foreman on West Side of the Square.

Mr. A. A. Sledge returned today from a business trip to St. Louis and Kansas City, Mo.

15 YEARS AGO TODAY
(From Advocate, March 21, 1901)

LODGE

IS ONE OF MEN DISCUSSED FOR TEMPORARY CHAIRMAN OF CONVENTION.

But Choice Probably Will Fall Upon Knox, Harding, Butler or Mann.

(ASSOCIATED PRESS TELEGRAM)

Chicago, March 21.—The sub-committee on arrangements of the Republican national committee adjourned today without taking action on the election of a temporary chairman for the national convention here next June. The sub-committee will meet again at the call of the chair about the middle of April.

The sub-committee decided to defer action on the subject until the April meeting.

When the committee adjourned the three candidates most favored appeared to be Senator Warren G. Harding of Ohio, Philander C. Knox of Pennsylvania and Congressman James R. Mann, of Illinois.

Dr. Nicholas Murray Butler, president of Columbia University, New York, telegraphed from Spokane, Wash., asking that his name not be considered.

Chairman Hiles said: "No ballot was taken and for the reason that three members of the sub-committee were unable to be present we decided it would be best to defer action until the next meeting."

The committee agreed on the re-election of Lafayette R. Gleason, of New York, for secretary and William F. Stone, of Baltimore, for sergeant at arms, to serve at the next convention, but their formal action was postponed until the next meeting.

The committee will open headquarters in the Coliseum, May 7.

(ASSOCIATED PRESS TELEGRAM)

Chicago, March 21.—The sub-committee on arrangements of the Republican national committee resumed its meetings today with the choice of a temporary chairman for the national convention to be held here in June, the principal subject before it. The minor matters of detail, including the letting of printing and badge contracts and the decision to open the headquarters in Chicago, May 7, were disposed of at yesterday's meeting.

A number of names were suggested at yesterday's meeting for the temporary chairmanship but the committee men were unable to arrive at a decision and the matter was carried over for further discussion. It is no decision is made today the selection will be definitely postponed until the next meeting of the sub-committee, April 3.

While National Chairman Charles D. Hiles declined to give out the names that were canvassed for the position at yesterday's meeting, it was learned that a number had been discussed. Among those were: Philander C. Knox, Pennsylvania; Senator Warren G. Harding, Ohio; President Nicholas Murray Butler,

Columbia University, New York; Senator W. E. Borah, Idaho; Governor Samuel W. McCall, Massachusetts; Senator Henry C. Lodge, Massachusetts; Former Governor Chase S. Osborn, Michigan; Senator George E. Sutherland, Utah; W. J. Calhoun, Illinois, former ambassador to China, and James R. Mann, congressman from Illinois.

At the close of the discussions it was seen that the indications were that the choice might be among Knox, Harding, Butler and Mann. A number of the others have practically been eliminated, it is said, leaving the field for today's discussion much smaller than that considered yesterday.

WOMEN DELEGATES STATE CONVENTION.

(ASSOCIATED PRESS TELEGRAM)

Topeka, Kan., March 21.—Twelve women delegates attended the Republican state convention here today.

Harmony was the keynote of the pre-convention gathering, although it was apparent a contest over the election of at least one of the four delegates at large to the national convention might develop.

REPUBLICANS MEET AT PARKERSBURG, W. VA.

(ASSOCIATED PRESS TELEGRAM)

Charleston, W. Va., March 21.—Members of the West Virginia Republican executive committee today received notice to meet at Parkersburg, March 30 to arrange for the holding of a state convention in May to elect delegates to the national convention in Chicago, on June 7.

Coffee Facts

Read what the 19th edition United States Dispensatory (page 253) the guiding authority for chemists, druggists, and physicians, says about the drug, caffeine, of which there is about 2½ grains in the average cup of coffee:

"Given in large dose to the lower animals, caffeine produces hurried respiration, restlessness, slightly lowered followed by a markedly elevated temperature, tetanic and clonic convulsions, progressive paralysis, and finally death from paralytic arrest of respiration."

Although man is stronger and more resistant, it is a well-known scientific fact that caffeine, in coffee, is a frequent cause of headache, nervousness, heart flutter and many other ills.

Not by one large dose, but by little doses repeated regularly does this subtle, habit forming drug get in its work, and, sooner or later, many coffee drinkers suffer.

Before that time comes, suppose you make a personal test—quit coffee ten days and use

POSTUM

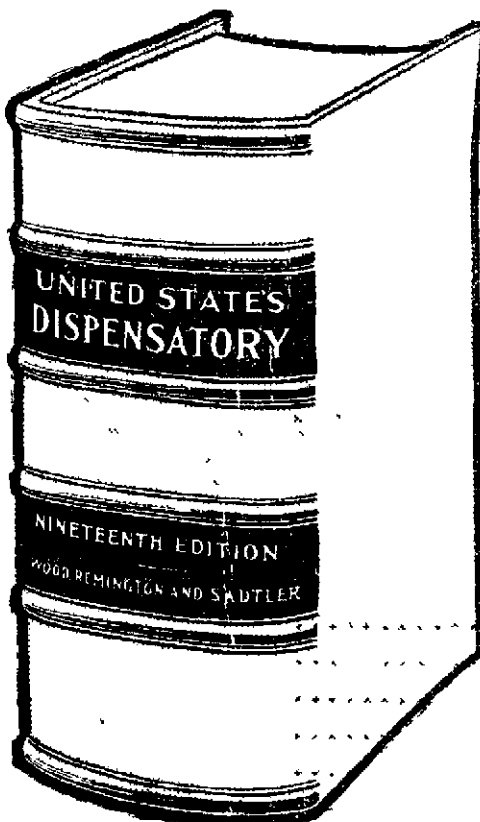

Made of wheat and a little wholesome molasses, this famous pure food-drink has a rich, snappy flavour much like that of mild, high-grade coffee, and it contains no drug or other harmful element.

There are two forms of Postum. The original Postum Cereal must be boiled; Instant Postum is the original Postum reduced to soluble form; a level teaspoonful in a cup with boiling water makes a perfect cup instantly. Both forms are equally delicious, and the cost per cup is about the same.

The change from coffee to Postum is pleasant as well as highly beneficial, and with the better health that comes with freedom from caffeine, the drug in coffee, you'll know

"There's a Reason."

Grocers everywhere sell Postum.

\$1 Down and \$1 a Week Puts it in Your Kitchen

FOREIGN TRADE OPPORTUNITY FOR NEWARK

E. L. WOOLWAY, FORMER RESIDENT OF THIS CITY HERE FOR A SHORT TIME.

He is General Salesmanager For International Trade Developer of Chicago, Ill.

Mr. E. A. Woolway, son of one of our former leading contractors and builders, Mr. Samuel Woolway, is a guest at the Arcade Hotel. Mr. Woolway is a director and the general salesmanager for the International Trade Developer, 900 Consumers Building, Chicago, and is here for the purpose of interviewing our manufacturers with a view of co-operation in the better interests of their foreign trade—or if they have not established themselves in the foreign markets to explain first hand the wonderful possibilities of this trade.

The International Trade Developer is an Illinois corporation and has had for the past five years foreign travelers and agencies in most all countries of the world whose purpose is to interest the foreign merchant in the products of the American manufacturer and to assist the manufacturer in establishing permanent connections with the foreign importer.

Mr. Woolway states that they have had on the average for the past five years 1200 concerns co-operating with them and at the present time they have fifty-nine foreign banks, twelve foreign railways, twenty steamship lines, fifty foreign hotels, 250 American manufacturers and nearly one thousand foreign importers—in fact a larger international patronage than all other concerns in America of a similar nature combined. Talking with the Advocate Mr. Woolway said:

"It has only been during the past year and a half that the foreign buyers have welcomed American travelers who carry to them information regarding the American manufacturers. The European conflict is, of course, in a large measure responsible for this change of attitude in our favor. The billions of dollars in exports from the European countries now at war have diminished to a figure that could hardly be realized by our people. The wonderful glass industries of Belgium for instance are in such a demoralized condition that Dr. Pratt, chief of the Bureau of Foreign and Domestic Commerce of the United States Government stated in Chicago recently that they have had experts on the ground who report that if the war would stop tomorrow (and that was some four months ago) Belgium

would not be in a position to export for the next three to five years and such is the position of the large majority of other industries.

"Our Mr. J. J. Steep was in the Chicago office last week for a brief visit after a two years' trip through the Australasian and Asiatic countries. He told us of an incident that happened in Australia which goes to show the present enormous demand for American products in that country. While stopping at the Palace Hotel in Perth (western) Australia, he was called upon by no less than eighteen of the leading merchants of that and other nearby cities—all of them actually clamoring for information as to what American manufacturers made this article and that article, in fact, practically everything that was suitable for the Australian market.

"This statement I am sure will be read with doubt by a number of our producers, as we are all—on this side—inclined to be considerably egotistical as to the far-reaching ramifications of the knowledge of our American industries. If we are a manufacturing concern of from say 50,000 to 100,000 or more we are apt to have the impression that if our wares are in demand in any part of the world the foreign merchants have plenty of means at hand to locate us. This is true in a few instances but in the far greater majority—No.

"We must take into consideration the fact that heretofore the American manufacturer has usually been prone to neglect the foreign markets excepting during times of domestic depression and to then again neglect them when the home trade resumes a normal basis—while practically all of the European manufacturers have been out after the export trade 365 days in the year. Consequently it was the European article that predominated in the Australasian and Asiatic countries, Africa and South America.

"The question we are asked most times of all is, 'Will we be able to hold the foreign connection you help us to secure, after the war is over?' We conscientiously reply, Yes—that

EYE SPOTS

floating specks, blurred vision, pains in the eyeball, heaviness of the lids, soreness, yellow tinge to white of eyes, all originate in liver or stomach disorder.

SCHENCK'S MANDRAKE PILLS

afford almost instant relief and fortify the system against recurrence of these distressing ailments. They tone the liver, purify the stomach, regulate the bowels, clear the blood. Purely vegetable. Plain or Sugar Coated. 80 YEARS' CONTINUOUS SALE PROVES THEIR MERIT. Dr. J. H. Schenck & Son, Philadelphia

if you will treat your foreign buyer during these times of stress with due consideration and not demand the 50 to 100 per cent higher prices which you exact in some cases get at the present time—if you charge him only a fair profit and be satisfied with goodly sized orders with cash against document in New York or San Francisco in most cases.

"Furthermore, it is our belief that but few of us will live to see the actual end of the war—that is the latter war of commerce between present enemy countries which will be waged with increased fury years after the actual declaration of peace. Even now laws are being made and in some instances have been passed, which prohibits FOR ALL TIMES goods made in one country to be sold in another—or to even enter the ports of the enemy country.

"One of the most logical arguments in favor of this is that the foreign merchant is notoriously deliberate in his dealings and extremely reluctant to change his connections after once they are established even though a competitor of the manufacturer whose goods he is handling offers him practically the same goods at a lower price. This fact is borne out by the desperate commercial struggle Germany had some 33 years ago to gain a foothold in South America after British goods were strongly entrenched in the markets. We have record of one instance in particular where, after estimates had been asked for the purchase of 24 steam locomotives, a German manufacturer went to the no little expense of building a sample engine so closely resembling the British make already in use that after it arrived for trial the engineers on the road were ready to take oath that it was British-made—and even though the German price quoted was lower than the British the contract was awarded to the English house."

Mr. Woolway will join the foreign staff for his house the latter part of this year, so that any Newark men who see fit to co-operate with his company can be assured of some direct action right on the ground. He states that he will endeavor to call upon all of our home industries before leaving and will be glad at that time to discuss the situation fully. Any manufacturers, however who might desire immediate information of any kind regarding foreign trade should write to him at the Arcade Hotel.

Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system.

Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists. 75c per bottle. Family Pills for constipation.

Parents Should Know This Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents, to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin, the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin, is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity.

It is important that parents should know of a dependable remedy with no unpleasant after effects, gripping

MARIE GAFF.

or strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

The population of the city of Panama increased by 6,000 during the

last year. The total population is now a little more than 65,000.

Try a Porous Plaster

For lame back, sore muscles or any kind of aches or pains try one of Crayton's Double-Strength Plasters. They got down to the aching spot and give relief. Price 25c.

Equip Your Home For Electric Comfort Convenience and Economy Before April 1st

It Means The Saving of Dollars In Cost of Installing

Besides The Local Electrical Contractors Will Give You a **\$3.50 Electric Iron FREE**

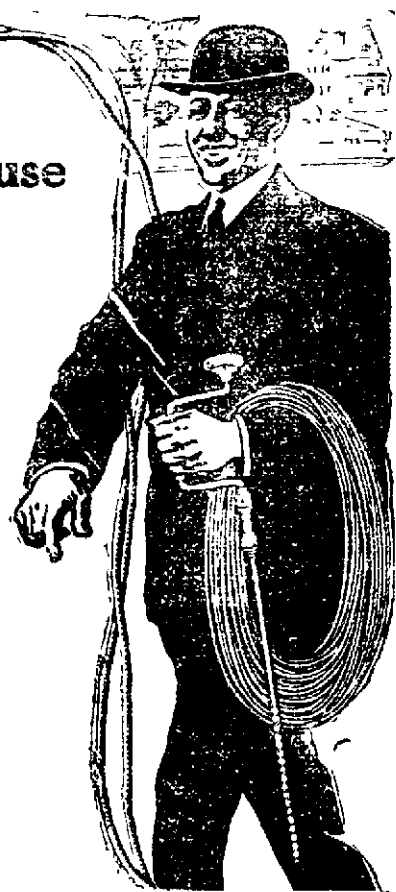

They will also make the terms of payment so reasonable that no property owner can afford to miss this wonderful opportunity of making the old home strictly up-to-date. The wiring of the home is not an expense—it is an investment that will enhance its value many times the cost.

Wire Your House This Spring

If you have not the comforts of electricity you are doing without the greatest of modern aids to housekeeping.

Electric light is inexpensive, safe and beautiful. Electric household appliances cost little to run and save hours of time and labor.

Remember it does not cost much to wire your house for electricity and it can be done without muss, dirt or disturbance of your household. A telephone call will bring our wiring man—his estimate will place you under no obligation.

Let your Dirtless Workman Wire Your House the Modern Way.

PHONES:
Bell 237.
Auto 1938.

Wire Now.
A \$3.50
Electric Iron
Free

Following is the cost and terms of payment of residence wiring until April 1st:

Adjoining Rooms	First Payment When Work Is Completed	Second Payment 30 Days After Completion	Last Payment 60 Days After Completion
2	\$2.99	\$2.98	\$2.98
3	\$3.47	\$3.47	\$3.46
4	\$3.99	\$3.98	\$3.98
5	\$4.47	\$4.47	\$4.46
6	\$4.97	\$4.97	\$4.96
7	\$5.40	\$5.40	\$5.40
8	\$5.90	\$5.90	\$5.90
9	\$6.40	\$6.40	\$6.40
Each additional	\$.40	\$.40	\$.40

The wiring will be concealed, workmanship and material guaranteed the best, everything ready for either drop cords or fixtures. No lamps to be furnished, but each residence will be given a \$3.50 Electric Iron Free if you arrange for the wiring before April 1st.

Electricity in the Home Will Save for You in Many Ways

It will save your decorations, alone, almost enough to pay your light bills. The comfort and convenience you get is worth the cost. Ask your neighbor who has electricity in his home if he would be without it. If you want to know more of this offer, phone us or the following contractors: Newark Electrical Co., The Ave y-Loeb Co., The Electric Shop and J. W. Passman.

THE OHIO LIGHT & POWER CO.

PHONES: Bell, 237; Auto, 1938

Don't Take Up Your Rugs

or move your furniture to have your house wired.

It is as Simple as Rolling Off a Log

Our electricians are neat and gentlemanly and they know how to work without dust, dirt, noise or confusion. In no case is it necessary to take the furniture out of a room or cover up the pictures or bric-a-brac. You hear the saw and hammer when a piece of closet or attic floor is being moved but that is all. The small chunks of plaster from the tiny holes where the wires go through are caught as they fall. When the job is finished not a trace remains but the dainty fixtures, switches and receptacles and the wonderful convenience of electricity.

We have attractive booklets telling just how it is done and an estimate telling of the cost will place you under no obligation.

THE WOOLSON SPICE COMPANY
Toledo Ohio

A. S. WHITE TO INSPECT FIELD, HIS NAMESAKE

It will be remembered that during the playground campaign conducted by High school pupils in March of 1913, that Mr. Archibald S. White, a former citizen and native of Newark, contributed \$1,000 to the playground fund. For this reason, the White Athletic Field was so called in his honor. Since Mr. White has never been able to visit Newark and see the field for himself, a few days ago, the superintendent of the Public Schools sent to Mr. White a dozen views showing the activities upon this playground during the summer months.

In this letter it was suggested that Mr. White visit Newark when the grounds are in use and see the result of his contribution and the possibilities for enlarging the usefulness of this field. The following is a reply to the letter sent to Mr. White:

Wilson Hawkins,
"Superintendent of Schools,
Newark, Ohio."

"My Dear Mr. Hawkins:—I am grateful for your note of the 16th with pictures of the activities at the White Athletic Field. I shall visit Newark sometime in the early summer, inspect the field and go over the general situation with you. My time is so occupied that I have not been able to give myself the pleasure of visiting Newark as frequently."

It Is Spelled G-E-T-S--I-T

All Reliable Druggists Sell It and Won't Try to Pawn Off Something Else on You.

There's no other corn-cure in the world that does the work of "G-E-T-S--I-T." "G-E-T-S--I-T" has made unscrupulous imitators green with envy, so they try to sell worthless stuff with names that sound like "G-E-T-S--I-T." Don't let them fool you.

Why Have Corns At All When "G-E-T-S--I-T" Removes Them the New, Dead-Sure Way? When corns make you almost "die with your boots on," when you've soaked them and picked them and sliced them, when corn-swelling salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster, just hold your heart a moment and figure this: Put two drops of "G-E-T-S--I-T" on the corn. It dries at once. You can put your shoes and stockings on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble. Accept no substitutes. "G-E-T-S--I-T" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans and W. A. Brannan.

for William E. Haas, whom Ashbrook recommended. The brunt of the fight against Haas has been waged by the faculty of Ohio Wesleyan University. Prof. Fulton, who once taught Woodrow Wilson eloquently, came to Washington repeatedly and saw the President in opposition to Haas. It was shown that Haas had voted in favor of a "wet town," and that was one of the points made against him. Haas ran the gauntlet of the postoffice department but his appointment stuck at the White House and Ashbrook has been asked to submit another name.

London Paper Pays a Judgment to Wife of Premier Asquith

(ASSOCIATED PRESS TELEGRAM)
London, March 21.—The libel suit of Mrs. Herbert Asquith, wife of the premier, against The Globe was settled today. The suit was brought on account of publication by The Globe of statements that Mrs. Asquith had visited German prisoners of war confined at Donnington Hall and had sent them presents. When the case was called today announcement was made that The Globe had consented to judgment for 10,000 pounds sterling and costs.

PROTOCOL

BETWEEN DE FACTO GOVERNMENT OF MEXICO AND UNITED STATES DRAFTED.

By Which Carranza Troops Would Co-operate in Running Down Villa, the Bandit.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 21.—President Wilson and his cabinet today decided to accept the proposal for a protocol between the United States and the de facto government of Mexico for co-operation in the pursuit of General Villa and his outlaws. General Carranza's ambassador here and state department officials will discuss the protocol further. It is expected it will be put in final form in a few days and signed.

It also was decided at today's cabinet meeting that word should be sent late today to General Carranza that the request of the United States to use the Mexican railroads does not include the transportation of troops by rail shipment of supplies to the American troops in Mexico. Acting Secretary Polk of the state department said Carranza had asked whether it was planned to transport American troops as well as supplies.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 21.—A tentative draft of a proposed protocol between the de facto government of Mexico and the United States, under which American and Carranza troops would co-operate in running down Francisco Villa, the bandit, was being prepared today by Elihu Arredondo, Mexican ambassador-designate. It will be submitted to General Carranza as soon as agreement on details is reached with the state department. Mr. Arredondo and Acting Secretary of State Polk, already have reached an agreement on the general principles involved. The convention is designed to meet all questions that may arise hereafter in connection with the chase for Villa by the American forces.

Meanwhile the troops of the de facto government are already co-operating with the American forces and the Carranza government has promised to move a large force from Central Mexico to the north to form a trap into which the American cavalry can chase Villa and his bandits.

Over 3,000 persons receive pensions from the United States Steel Corporation.

Henry Watterson, the noted editor spent years in training for a musical career.

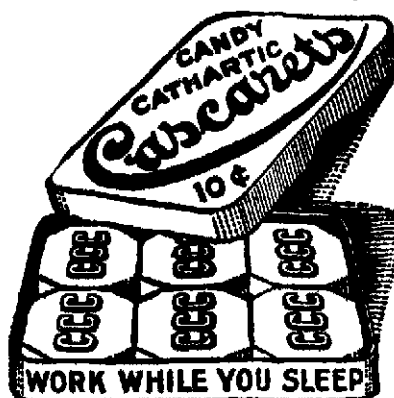

PROMOTES GOOD HEALTH

Avoid badly ventilated places and as a protection against disease use safe and reliable hyclorite frequently. As a mouth wash and gargle it destroys germs of odor and decay. For cuts, bruises and burns it cleanses and prevents infection and helps to heal quickly and healthfully. Hyclorite is remarkably pure and economical. It is recommended by physicians, used in hospitals and extensively sold by druggists, because as an antiseptic and germicide it acts instantly, is powerful yet positively safe and always dependable. Keep hyclorite on hand always as first aid for your protection. You never know when a pin scratch, cut or bruise will lead to blood poisoning. General Laboratories, Madison, Wis.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TONIGHT

DON'T STAY HEADACHY, SICK, OR HAVE BAD BREATH AND SOUR STOMACH.

WAKE UP FEELING FINE! BEST LAXATIVE FOR MEN, WOMEN AND CHILDREN.

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize you have taken a cathartic. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time—they act thoroughly and are harmless.

ASHBROOK WILL NOT RESIGN AS COMMITTEE HEAD

Washington, March 21.—Representative Ashbrook, of Johnston, O., decided that he will not resign Chairmanship of a subcommittee of the Committee on Public Buildings and Grounds that has charge of building appropriations for 11 states including Ohio. He is opposed to any public building bill at this session, and conferred with Speaker Clark yesterday in regard to resigning his subcommittee Chairmanship. The Speaker commended his attitude against pork-barrel measures, but advised him not to resign. "At the Speaker's suggestion," said Ashbrook, "I will attend the meetings of the subcommittee, but will fight public building legislation at every turn."

Barrains in the Wants tonight.

HOT TEA BREAKS
A COLD—TRY THIS
Get a small package of Hamburg
Tea, or as the German folks
call it, "Hamburger Brust Thee," at
your pharmacy. Take a tablespoonful
of the tea, put a cup of boiling water
on it, pour through sieve and drink
teacup full at any time. It is the
best effective way to break a cold
and cure grip, as it opens the pores,
driving congestion. Also loosens the
wells, thus breaking a cold at once.
It is inexpensive and entirely vege-
table, therefore harmless.

Try Marine Eye Remedy for Red,
Watery Eyes and Granulated Eyelids.

CHICAGO TEAM NEW LEADERS; SCORE IS 2905

KNIGHTS OF COLUMBUS MOVED IN-
TO SECOND PLACE BY COM-
MODORE BARRY.

Pierce, Individual Champion Last Year,
Scheduled to Roll in Tonight's
Games—Last Night's Scores.

(Associated Press Telegram)
Toledo, March 21.—Tennis from
scores on the Johnson and Dixon line will
be the center of attraction tonight in
the American Bowling Congress tourna-
ment, which now has less than a
week to go. Foremost in interest will
be the club from Chattanooga, Tenn.,
the team being the one from the
farthest southern point ever reached
by the A. B. C. Knoxville, Tenn., Lex-
ington, Ky., and Louisville, also have
good clubs entered. The star scores,
however, are expected from seven
Hoosier clubs from Fort Wayne. Port
Huron has sent the farthest north
team in the present meet. Willie Pierce,
the national individual champion now
registered from Indianapolis, will also
roll today.

The great finishing spirit showed by
the individual players of the Com-
modore Barry team of the Knights of
Columbus league of Chicago will give
them the preference in the earlier roll-
ing in the minor events although
Indianapolis will pour the full strength
of its delegation on the alleys in the
doubles and singles contests.

Several hundred fans eagerly divided
between the local Knights of Colum-
bus players and the Indianapolis squad,
most of whom had accompanied the
Hoosiers in their unsuccessful attempt
to beat the Illinois Rhinoceros of Colum-
bus. The Barry team of Columbus
men by ten points on the late shift last
night.

THREE GAMES IN NEW LEAGUE OF GRADE SCHOOLS

North Fourth street, Woodside and
Hartzer buildings produced teams
which won last night's games in the
Grade School Basketball league under-
sponsored of the athletic department of
the High School. More than 100 school
children attended the games which
were highly interesting to the young-
sters. The scores:

GOOD SUGGESTIONS- FOR AIDING WORK OF "DRESS-UP WEEK"

In a communication to the Advoca-
te A. D. Andrews offers a number
of suggestions to aid in the success
of "dress-up" week, March 28 to
April 8, all of which are sensible and
timely. He says:

"Great stress should be placed
upon the necessity of co-operation
between school teachers, pupils and
parents. Teachers and parents
should instruct children to respect
property rights of others and refrain
from crossing lawns or grass plots
while the ground is soft in the early
spring.

"But children are not alone in
these transgressions. Delivery men
and boys, milk men, newspaper car-
riers, bill passers and others who
take short-cuts across yards.

"Dogs and chickens are also de-
structive agencies and those having
control of animals and poultry
should realize that they have no
more right to run at large than any
other animals."

All of these suggestions are good
ones and should receive the earnest
consideration of all citizens. An-
other suggestion made by a man in-
terested in the success of the move-
ment is that small neighborhoods
organize in an effort to extend the
movement. He suggests that the
children and parents be called to-
gether and these matters put before
them and the matter explained to
the children and their co-operation
requested.

The Columbus Sunday Dispatch
prints the following editorial along
the same lines:

"It is all right to paint up, and
clean up, and set things in order
generally in the yards, and we hope
that the campaign will be short,
sharp and successful. Houses,
yards and streets ought to present a
good appearance, not because they
gratify pride, but because they give
cheer to occupants and passersby
alike. Cleanliness has been said to
be next to godliness, certainly it is
productive of happiness and content,
and in these germ-theory days, we
know it promotes health.

"But let us not be one-sided or
selfish in this process of making
homes more beautiful and attractive.
Let us not do our own cleaning up
and forget to help the other fellow.
What the latter does we ought to
admire and enjoy, but we also ought
to conserve. For instance, if there
is an open yard on the corner where
somebody is going to make a good
lawn, we ought not to walk over it
while the ground is soft, nor when
the springing green appears. That
simply discourages and destroys
and, instead of happiness, brings
pain. If somebody is preparing to
have a flower or kitchen garden, we
ought not to interfere with his laud-
able ambition by permitting animals
or chickens over which we have con-
trol to undo what he has done. If
somebody has painted a fence, it
ought not to be the schoolboy's
pleasure to mark it with chalk. We
need to be considerate of one another
and in every way to encourage
one another to make every part of
the city as beautiful as possible.
Then, as we go about the city, we
shall be more likely to think beau-
tiful thoughts."

INTERMEDIATES WIN GAME FOR M'CONNELLSVILLE

The Newark Y. Intermediate basket-
ball team came out victor in a very
exciting game on the Newark Y. floor
Saturday afternoon.

As a preliminary to this game the
Newark Juniors lost to the speedy
Granville Juniors.

The game was well worth watching
from the rotters standpoint.
Summary 1st game:

Newark 39.			
Teams	Won	Lost	Pct.

W. C. T. U. Meeting.

Frances Willard W. C. T. U. will
meet Wednesday afternoon at 2
o'clock in Neal Avenue M. E. church.
Visitors are always welcome.

Accepts New Position.

Mr. Alva Gleason who for the last
3 years has been employed at the
Lyric theatre has accepted a position
as manager of the Gem theatre and
will be glad to meet all his old
friends at his new location.Readers Please Notice.
Readers will kindly note that no
attention is paid to anonymous com-
munications. The writer's name
must be signed to the communica-
tion but the name will not be pub-
lished if request to withhold the
name is made.

Takes New Position.

Paul Weaver, of Eddy street has
taken a position in the office of the
master mechanic of the Pennsylvania
railroad, at Dennison, O., and will
leave Wednesday to go to work.

Recovering from Operation.

Mrs. William Prazier, formerly
Mary Garrett of Nashport, who re-
cently underwent an operation at the
City Hospital, is getting along nicely.

Spring Snow.

Spring arrived last evening on
schedule time at 5:39 and within a
short time after a snow storm was
raging. The flakes at times were
larger than a half dollar piece and
the ground was soon covered. Next
it turned into sleet and shortly be-
fore ten o'clock just to have a va-
riety the weather man turned on theHEADACHE FROM
A COLD? LISTEN!"PAPE'S COLD COMPOUND" ENDS
SEVERE COLDS OR GRIPPE
IN FEW HOURS.Your cold will break and all gripe
misery end after taking a dose of
"Pape's Cold Compound" every two
hours until three doses are taken.
It promptly opens clogged-up nos-
trils and air passages in the head,
stops nasty discharge or nose run-
ning, relieves sick headache, dull-
ness, feverishness, sore throat, sneez-
ing, soreness and stiffness.Don't stay stuffed up! Quit blow-
ing and snuffling! Ease your throbb-
ing head—nothing else in the world
gives such prompt relief as "Pape's
Cold Compound," which costs only
25 cents at any drug store. It acts
without assistance. Accept no sub-
stitute.rain switch and deluged the ground
for a few minutes making very slop-
py walking. Today the thermometer
started to rise and at noon the sun
came out for a few minutes the tem-
perature reaching 15. We are prom-
ised warmer weather tonight and fair
Wednesday.

Feeds the Birds.

Constable Joseph Yates of Justice
Fletcher S. Scott's court is a lover
of birds and he has been assisting
then all winter while the snow was
on the ground by purchasing bird
feed and also giving them the
crumbs from his table. Constable
Yates sweeps away the snow and
leaves an open space as feeding
ground and he states that it is a
pretty sight to watch the little feath-
ered youngsters swoop down at feed-
ing time. His example is one that
ought to be emulated by everyone.

Use of Box Numbers.

Every day people ask the Advocate
by telephone or otherwise for the
identity of advertisers who in using
the classified columns conceal their
identity in box numbers. It is con-
trary to the rules of this office to
disclose the advertiser's identity
when a box number is used. In
some instances the Advocate does not
know the name of the advertiser and
in others the advertiser desires the
name withheld. For instance a busi-
ness man desiring help, or a person
seeking a position does not want the
general public to know who is adver-
tising. Readers are requested not
to inquire the identity of an adver-
tiser who uses a box number. In
answering an advertisement of this
sort address the reply to Box No. ,
care Advocate, Newark, O. The
letter upon receipt will be placed in
the right box for the advertiser.There will be a meeting of the
members of the Automobile club
and auto owners Thursday evening,
March 24th, 1916. Business of im-
portance. All come. The meeting
will be in the Hunter-Baker room,
north side of square, just fitted up
by Mr. McDaniel.

Dr. Postle Improving.

The condition of Dr. H. H. Postle
who was injured when his machine
overturned, is getting along nicely
at the City Hospital. His condition
is greatly improved today. Dr. Carl
Evans is the attending physician.

Birth Announcement.

Mr. and Mrs. Herbert Gregg an-
nounce the birth of an eight-pound
son at the City Hospital, Sunday
noon. Mrs. Gregg was formerly Miss
Lillian Mehl.

New Producing Company.

Prof. H. E. Stutz of Columbus was
a visitor in the city yesterday and
today, leaving this evening for Chi-
cago, where he expects to purchase
an entire first part, including cos-
tumes, for an Elk minstrel produc-
ing company which is being organiz-
ed in Lorain, O., and in which Prof.
Stutz will have a financial interest.
It is the intention of the producing
company to stage amateur minstrels
for Elk lodges and they will book
exclusively through Northern Ohio
and Michigan.

Fishing Season Opens.

The fishing season has opened at
Sandusky but it will be several days
before the big fresh pickerel reach
this city as weather conditions are
not favorable to the fishermen and
they have been unable to get their
nets. In fact it may be a week or
ten days before this can be done.
Fishing tugs operating out of Ver-
million have been removed from
winter quarters at Huron and placed
in commission.PREPAREDNESS
MEETING HELD
MONDAY NIGHTThe preparedness meeting held
last night in the Armory in East
Main street was attended by about
25 veterans of the Spanish-American
war. Captain F. G. Steele was in
attendance and addressed the meet-
ing on preparedness and also cited
a brief history of the Civil and Span-
ish-American war.There was no enlisting, but every
man present signified his willingness
to join the new company G and work
for the interest of the organization.
There will be a meeting in the G. A.
R. hall, Monday night, March 27,
and at this time every man in New-
ark interested in the proposition is
urged to be present.

A MEDICINE OF MERIT.

The great sale of Lydia E. Pink-
ham's Vegetable Compound all over
this land is the result of genuine
merit. The reason is that this good
old fashioned root and herb medi-
cine actually helps those suffering
from the ailments peculiar to wom-
en. It did not, would not the wom-
en of America have found it out in
forty years, so that few of them
would buy?

Read the Wants tonight.

Theatres

Alhambra Wednesday and Thursday.
Alice Brady is starred in World
Film Corporation's sensational photo-
play, "The Rack."The story is an ideal one for pic-
tures. Blanche Gordon permits her-
self to be involved with a disreputa-
ble admirer, in a roadhouse adven-
ture. The man is shot and Blanche
is tried for the murder. At the end
of a harrowing scene with the district
attorney she confesses that she shot
her assailant in defense of her honor.
She is about to be sentenced when the
real murderer, an enemy of the
dead man, who is present in court,
declares himself guilty of the crime.
"The Rack" will be shown at the
Alhambra theater on Wednesday and
Thursday.

Light Opera Coming.

Andreas Dippel, late Impresario
of the Metropolitan Grand Opera
Company in New York, Philadelphia
and Chicago, will present the light
opera, "The Lilac Domino" at the
Auditorium, Tuesday, March 28. Mr.
Dippel regards the term "Comic
Opera" a misnomer when used to
designate what is nothing more than
musical comedy.The term used to designate the
lighter forms of opera, said he,
"has become sadly misused, especial-
ly in this country." According to
technical definition, the difference
between grand and comic opera lies
in the fact that, in the one, the mus-
ical numbers are connected by some
sort of the various forms of recita-
tive, and in other, by spoken dia-
logue. The term "comic opera" has,
in this country, been woefully mis-
used. Indeed, at this day, almost
anything in a dramatic form with
incidental music, no matter of what
kind or class, is dubbed indifferent
and consequently a comic opera.If some basis of general agree-
ment could be reached by which the
various terms would be generally
applied in the same way, be taking
the whole list of terms, a very ac-
curate classification might be made
of and existing operatic forms and
a fairly appropriate name given to
each which would distinguish it from
all other cognate forms. Thus
"Aids" would be grand opera;
"Carmen" romantic or lyric opera;
"The Barber of Seville," and those
operas which are usually known in
France as operas comique, could be
intelligibly termed light operas; works
a little less serious of the Gilbert
and Sullivan class, as well as some
of those known in Berlin and Vienna
as operettas, would be correctly
termed comic operas, pure and sim-
ple.

Alone in New York.

The great photoplay "Alone in
New York" comes to the Mazda Wed-
nesday. It tells the awful story of
a country girl who goes to New York
to visit a friend, falls into the hands
of the white slavers, is subjected to
the most brutal treatment in her im-
prisonment and is finally rescued in
Chinatown through the tireless ef-
forts of a friend and should prove a
valuable lesson to all parents.The Mazda will offer this splendid
film to its patrons at a 5c admission
price at the matinee and 10c for the
evening.

The Lyric.

The greatest vaudeville act ever
presented in this city will appear at
the Lyric tonight and tomorrow. It
includes Falkerson and Wagner, ec-
centric singers, dancers and comedi-
ans; also the Baby Mary the wonder-
ful child actress in a singing and
dancing act.

The Gem, Wednesday.

Do you believe that America
should send munitions of war to the
European belligerents? There are
many diverse opinions on this im-
portant question, but the soundest
argument yet presented is in "Pow-
der." A gripping and vital photo-
play of business and politics which
solves a problem of international
honor in a novel and highly dramatic
manner. "Powder" will be at the
Gem theatre Wednesday.BRADLEY PUTS
"LUNG MOTOR"
ON AMBULANCEL. N. Bradley's ambulance has
been equipped with a "lung motor"
—a device used to resuscitate per-
sons dying from asphyxiation or
drowning. It is the only lung motor
in Licking county. The device is
now used by the government in
many different branches. Machines
have been installed on battle ships,
on mine rescue cars and wherever
else the use of a machine to produce
mechanical respiration is necessary.
At the Bradley establishment last
night, the machine was demonst-
rated before a large number of Newark
and Licking county physicians who
had been invited to witness its op-
eration by a factory representative.The physicians were invited by
Mr. Bradley to make free use of the
machine whenever they felt its ser-
vice would be the means of saving
life.It can be used in saving life in
many cases of accident and emer-
gency where artificial respiration is
necessary. Victims of gas, of drown-
ing, of falls where the respiratory
nerve centers are paralyzed by a
blow, and even in cases of surgical
operation where the administration
of oxygen is needed, this lung motor
has been found to be invaluable.It frequently has been used to re-
susitate new-born babes asphyxiated
during birth.
Its manufacturers claim that the
lung motor saved more than 50 lives
in the Eastland disaster. It was
used in the great subway accident a
year ago and following this disaster,
the Interborough Rapid Transit com-
pany installed a large number of
machines.The Standard Oil company re-
cently installed a number of the ma-
chines for use in cleaning out the
holds of the large tank steamers
used in the Atlantic coast trade.It is said to be the only machine
known which will restore life in
cases of electrical shock.
Newark and Licking county peo-
ple should bear in mind that the ma-DOCTOR SAYS NUKATED IRON WILL
INCREASE STRENGTH OF DELICATE
PEOPLE 200% IN TEN DAYSIn many instances—Persons have suf-
fered untold agony for years doctoring
for nervous weakness, stomach, liver or
kidney disease or some other ailment
when their real trouble was lack of
iron in the blood—How to tell.New York, N. Y.—In a recent discus-
sion Dr. E. Sauer, Specialist, of this city said:
If you were to make an actual blood test
on all people who are ill you would prob-
ably be greatly astonished at the exceed-
ingly large number who lack iron and
who are ill for no other reason than the
lack of iron. The moment iron is supplied
all their multitude of dangerous symptoms
disappear. Without iron the blood at once
loses the power to change food into living
tissue and therefore nothing you eat does
you any good, you don't get the strength
out of it. Your food merely passes
through your system like corn through a
mill with the rollers so wide apart that
the mill can't grind. As a result of this
continuous blood and nerve starvation,
people become generally weakened, nerv-
ous and all run down and frequently de-
velop all sorts of conditions. One is too
thin; another is burdened with unhealthy
fat; some are so weak they can hardly
walk; some think they have dyspepsia,
kidney or liver trouble; some can't sleep
at night, others are sleepy and tired all
day, some fussy and irritable; some skinny
and bloodless, but all lack physical power
and endurance. In such cases, it is worse
than foolishness to take stimulating medi-
cines or narcotic drugs, which only whip
up your flagging vital powers for the
moment, maybe at the expense of your life
later on. No matter what any one tells
you, if you are not strong and well you
owe it to yourself to make the following
test. See how long you can work or how
far you can walk without becoming tired.Next take two five-grain tablets of or-
dinary nuxated iron three times per day
after meals for two weeks. Then test your
strength again and see for yourself how
much you have gained. I have seen dozens
of nervous run down people who were al-
ling all the time double, and even triple
their strength, and this after they had in
some cases been doctoring for months
without obtaining any benefit. You can
talk as you please about all the wonders
wrought by new remedies, but when you
come down to hard facts there is nothing
like good old iron to put color in your cheeks
and good sound, healthy flesh on your
bones. It is also a great nerve and stomach
strengthening and the best blood builder
in the world. The only trouble was that
old forms of iron, such as iron like tincture
or iron, iron acetate, etc., often ruined peo-
ple's teeth, upset their stomachs and were
not assimilated and for these reasons they
frequently did more harm than good. But
with the discovery of the newer forms of
organic iron all this has been overcome.
Nuxated iron, for example, is pleasant to
take, does not injure the teeth and is al-
most immediately beneficial.Note—The manufacturers of Nuxated
iron have such unbounded confidence in
its potency that they authorize the an-
nouncement that they will forfeit \$100.00 to
any Charitable Institution if they cannot
take any man or woman under sixty who
frequently did more harm than good. But
provided they have no serious organic trouble.
Also they will refund your money in any
case in which Nuxated iron does not at
least double your strength in ten days
time. It is dispensed in this city by Wm.
A. Erman, Evans Cut Rate Drug Store
far you can walk without becoming tired.BROWNING'S QUALITY

9 SOUTH THIRD ST., NEWARK, O. C. O. EAGLE, Mgr.

THE ADVOCATE'S DAILY PUZZLE.

SPRING

HERE WE ARE AGAIN.

Spring is here! Hurrah! Hoarrr!

The birds sing, the lambs skip,

And 'till the world is glad and gay

Except the chap with cold or gripe

Find man with gripe.

ANSWER TO YESTERDAY'S PUZZLE.

Right side down in trees.

chine should be tried in all cases of
drowning, asphyxiation, electrical
shocks and that there should be no
delay in calling for the machine
whenever it is needed. Moments are
valuable and it is important to get
the machine to the victim as soon
as possible.

VILLA

(Continued from Page 1.)

first attack he had no ammunition.
Yet he ordered his men to advance
again. The better organized and
better supplied Carranzistas seeing
that his ammunition was exhausted,
rallied from his attack and defeat-
ed him. He had made no prepara-
tions for possible repulse, and his
force was completely disorganized.
This was the beginning of the end.General Angeles recent trend of
events the cause of democracy had
not lost prestige in Mexico.
"I only regret," he added, "that
the cause was represented by such
a man as Villa."The general said it was altogether
likely that the hunted bandit would
elude his pursuers.General Angeles is a graduate of
the famous Mexican military school
of Chapultepec. He possesses a fine
reputation as a military man, par-
ticularly in his specialty, artillery.The office that seeks the man is
never so insistent as a creditor on
the same mission.Zanesville Rector
at Trinity ChurchOn Wednesday evenings in Lent,
the Rev. L. P. Franklin has invited
out of town clergy as special preach-
ers. This week, the Rev. Harry L.
Hadley, the new rector of St. James'
church, Zanesville, will preach the
sermon at the Wednesday evening
service. Mr. Hadley was formerly
at Martin's Ferry where he did a re-
markable work, bringing the parish
to a high state of efficiency. He is
a man with a message and possesses
a forceful way in delivering it.
The service on Wednesday evening
begins at 7:30. The public is in-
vited.

PRESSURE

(Continued from Page 1.)
set fire to a position of the enemy
before the southern part of Podgo-
ra Heights. In the afternoon Austro-
Hungarian artillery shelled heavily
the enemy's front before the Bridge-
head. During the night they ejected
the enemy from a trench before
Bevma.
Fighting continued at the Tol-
mino bridgehead as a result of the
enemy's efforts to conquer positions
firmly in Austro-Hungarian hands.
The number of Italians captured
reached 925 and the number of ma-
chine guns taken was increased to
seven.
"Lively fighting continued on the
Carinthian front."

Every Woman Wants New Spring Waists Now

There's hundreds of them here, all new and crisp with freshness. Styles suitable for every occasion. We've selected three qualities to tell you about. You'll like them all.

Fine Lingerie Waists 95c Each

A big range of styles in all white and colored stripes. All nicely made and trimmed with laces and fine embroideries.

New Sport Middies \$1.50 Each

You'll like this style. Colors are stripes in green and white, cadet and white, navy and white. Trimmed with white collar, cuffs and wide belt, with large fancy pockets on each side.

The \$3.48 Waists

Are suitable as a dressy waist or for street wear. Dainty models of lace and chiffon. Georgette crepe, crepe-de-chines showing novel yoke and collar effects. These are in colors such as white, flesh, rose and nile. White lingers in many fancy styles.

A big line to select from in fine imported Scotch madras, silk finished marisettes and etamines, finished with Cluny lace or filet insertions, embroidered marisettes, shadow nets, fine French Nottingham and cables, Irish Points, Clunys, Arabians, Renaissance, Brussels and Tambour Nets.

May We Show You The New French Wilton Rugs?

To those who love the mellow color harmonies, the thick softness, the striking individuality of ancient Persian hand-weaving, we recommend

French Wilton Rugs

Fine as Silk

For they have all of the beauty and luxury of the wonderful products of the looms of the Far East—but at a mere fraction of the cost.

If you are looking for the utmost in rug luxury come and see them.

H. H. Mazey Company

THE EVIDENCE OF WORTH CONCLUSIVE

TANLAC GOOD FOR SEVERAL AILMENTS AND EVIDENCE TO PROVE THE SAME.

Newark People Well Known and Reliable Vouch for Tanlac's Beneficial Effects.

WHAT MRS. RAMSEY SAYS.
Mrs. J. S. Ramsey, 27 Tenth street says: "I was badly afflicted with rheumatism, was worried by loss of sleep, had no appetite, was dizzy at times to such an extent that I was afraid to walk. All of this has been greatly benefited, and I'm a different woman to what I was when I began to take Tanlac. I am now on my fourth bottle and I would not take anything for the benefit I have derived from it."

WHAT MR. COYNE SAYS.
Mr. Edward Coyne, 165 Grant street, says: "I was troubled with my stomach and sleeplessness and one bottle of Tanlac has convinced me that it is a great medicine for such ailments. I have taken only one bottle so far, but it has been of untold benefit to me and I feel better in every particular and sleep soundly."

WHAT MR. YOUNG SAYS.
"I had an aggravated case of catarrh of the stomach—suffered from sleeplessness and was restless at night and often felt as tired after awakening in the morning as when I retired at night. Now I feel fine, sleep like a child, am rested and invigorated after a night's sleep and ready for a full day's work."

Tanlac is demonstrated at Hall's Drug Store and is for sale at Cranville by W. P. Ullman, at Hebron by the Hebron Drug Co., at Pataskala by J. R. Strine, at Utica by P. H. Richardson.

CITY COUNCIL

(Continued from Page 1.)
a machine cheaper than an individual because it wouldn't get the same care.

Solicitor Norpell, after telling council that the purchase was illegal, gave it as his opinion that the city's credit would be best conserved if the machine was repurchased legally and paid for.

Judging from the sentiment of council expressed at the meeting the machine will be returned to the Columbus dealer and he will be told to whistle for his money.

Among other matters considered by council last night were a number of resolutions presented by different members, to improve streets in various parts of the city. A pair of resolutions ordering the construction of a large number of sidewalks went to the street committee for approval before being adopted.

All members of council were present as well as most of the city officials when council went into session at 8:10.

The finance committee reported that there was no authority in the municipal code by which council could donate money to the Eagles lodge for the convention this summer, but expressed the willingness of council to co-operate with the local lodge in any manner possible to make the convention a success. The committee reported that the sinking fund commission had rejected the \$30,000 bond issue for reconstruction of the municipal light plant and that the issue had been accepted by the state industrial commission.

Engineer Wells reported that plans had been prepared for the extension of South Williams street paving. Amount to be assessed, \$1,416.29; city's portion, \$870.19. The report was referred to the street committee.

His estimate of the cost of paving South Cedar street, at a cost of \$2.92 per front foot, was filed. His estimate of the cost of repaving East Main street, at a cost of \$6 1/2 cents per front foot was filed. Another estimate of the cost of paving Eleventh street, at a cost of \$3.66 per front foot, was filed.

The receipt of the city's portion of taxes as per the semi-annual settlement between the city and county, was reported to council by Auditor Dodd and Treasurer Frye.

Clerk Woodward reported the service of notices for sewer street improvements. He also reported having \$60 for the cemetery endowment fund and asked for instructions regarding its investment.

Neal avenue residents, O. J. Hawkins and 17 others, asked that the street be paved. It was referred to the street committee.

Cedar Crest avenue residents asked that a sewer be constructed in that street. The petition was referred to the street committee. Mr. W. Swann and others asked that Tuscarawas street be paved. It was referred to the same committee.

D. R. Moran of Ballard avenue asked for some cinder walks on that street.

Mr. Curry's ordinance to levy special assessment for the paving of Kihler avenue, was passed on suspension of rules.

Mr. Adams' ordinance to proceed with the Chestnut and Commodore streets sewer construction was passed on suspension of rules.

Mr. Knauber's resolution instructing the engineer to prepare plans for the paving of Wyoming street was adopted.

Mr. Beadle's resolution instructing the engineer to establish the grade of an alley near Cedar Crest avenue was adopted.

Mr. Stasel offered a resolution to prepare plans for the paving of South Second street. It was adopted.

A resolution introduced by Mr. Beadle and Mr. Curry to prepare plans for paving Oak street, Clarendon avenue, and Tuscarawas street, was adopted.

Mr. Curry's resolution for plans for a sewer and pavement in Leroy street, the paving of St. Clair street was adopted.

Mr. Keyes' resolution, authorizing the investment of \$60 of the cemetery endowment fund, was adopted.

Mr. Curry's resolution authorizing new sidewalks in Maple avenue, Stevens street, Norton avenue, Smith street, Oak street, Manning street, was referred to the street committee. Sidewalks were ordered reconstructed on North Fourth, Locust, Clinton, St. Clair, Leroy, North and Oak streets and in Hudson avenue. It was referred to the street committee.

Mr. Beadle's resolution, declaring it necessary to re-pave East Main street from the B. & O. railroad to Cedar street, was adopted on suspension of rules.

A resolution by Messrs. Adams, Shirer and Keyes to pave Eleventh street from Main to Cranville, was adopted on suspension of rules.

To Rid Child of Worms.

Don't scold the fretful, nervous child. Often it's due to worms. Get rid of these by giving one-half to one lozenge Kickapoo Worm Killer, a laxative worm candy. Give only plain, nourishing food, lots of out-door exercise and put to bed early. Watch stools and continue giving Kickapoo Worm Lozenges, they will positively remove the worms. 25c at Drug-gists.

MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

Avoid Spring Colds.

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough.

In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

ATTACHMENT.

Before D. M. Jones, Justice of the Peace of Newark Township, Livingston County, Ohio.

Louise Ramsey.

Wm. A. McDaniel and Charles Swank, Sheriff.

On the 2nd day of March, 1916, said Justice issued an order of attachment in the above action for the sum of \$120.00 with interest thereon from June 27th, 1915. Said action is set for hearing on April 17th, 1916 at 9:30 o'clock a. m.

G. B. SMYTHIE, Attorney for Plaintiff.

CALLANDER'S DYE WORKS 51 NORTH FOURTH ST.

THIS IS THE STOVE POLISH YOU SHOULD USE

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is trial. Use it on your cook stove, your parlor stove or your range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish.

Made in liquid or paste—one quality.

Black Silk Stove Polish Works Sterling, Illinois

The Black Silk Stove Polish is made from enamel on glass, porcelain, stove-pipe—prevents rusting. Use Black Silk Stove Polish for silver, nickel or brass. It has no equal for the same purpose.
